INDEPENDENT AUDITORS' REPORT

TO,

THE MEMBERS OF
PONDICHERRY ASHOK HOTEL CORPORATION LIMITED
CIN: U17111PY1986SGC000417

Opinion

We have audited the accompanying standalone Ind-As financial statements of **PONDICHERRY ASHOK HOTEL CORPORATION LIMITED** (the company) which comprise the Balance Sheet as at **31/03/2025**, the Statement of Profit and Loss, the cash flow statement and the statement of changes in equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (herein after referred to as the standalone Ind As Standalone Financial Statements)

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind As financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS financial statements of the state of affairs of the Company as at **31/03/2025**, its **PROFIT**, cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS Financial statements (Ind AS) Standards in accordance with the Standards of Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Page 1 of 17

Key Audit Matters	How the matter was addressed in our audit report
Negative Net worth for the past five years including the year under audit	According to the management even though the net worth is negative as at the beginning and end of the year, being a service industry working capital requirement could be met out of credits from vendors of goods and services and hence could carry on their activities and earn profits. As such the company is a going concern. As per our evaluation based on the representations made by the management, we conclude that there is no impact on the going concern of the company.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read such other information as and when made available to us and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance. Based on the work that we have performed, we have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows and the changes in equity of the company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

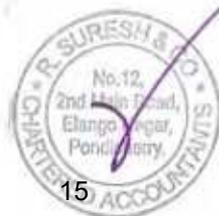

Auditor's Responsibility:

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate, makes it probable that the economic decision of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub section (11) of section 143 of the Companies Act, 2013. We give in the **Annexure A** statements on the matters specified in paragraphs 3 and 4 of the order, to the extent applicable.

As required under Section 143(5) of the Act, we give in **Annexure B** hereto the statement on the Directions/ Sub Directions issued by the Comptroller and Auditor General of India

As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) Except for the effects on matters described in paragraph on Emphasis of matter above, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss, the cash flow statement and the changes in Equity dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 issued thereunder.
- (e) Being a company of the Government pursuant to Notification No. GSR 463(E) dated 05th June 2015 issued by the Ministry of Corporate Affairs, the provisions of Section 164(2) of the Act regarding disqualification of the directors are not applicable to the company.

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in **Annexure C**.
- (g) The audit opinion relating to the maintenance of accounts and other matters connected therewith are as stated in the emphasis of matter paragraph above.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 and with the Companies (Audit and Auditors) Amendment Rules, 2017, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements.
 - ii. There is no long term contract including derivative contracts existing as on the date of Balance Sheet for which provision as required to be made under the applicable law or accounting standards, for material foreseeable losses.
 - iii. The clause for no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company is not applicable
 - iv. (a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- (c) Based on audit procedures which we considered reasonable and appropriate in the circumstances, nothing has come to their notice that has caused them to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.
- v. The company has not declared or paid any dividend during the year in contravention of the provisions of section 123 of the Companies Act, 2013.
- vi. Based on our examination carried out in accordance with the Implementation Guidance on Reporting on Audit Trail under Rule 11(g) of the Companies (Audit and Auditors) Rules,2014 (Revised 2024 Edition) issued by the Institute of Chartered Accountants of India, which included test checks, we report that the company has used an accounting software i.e. **Tally Prime** for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Our examination of the audit trail was in the context of an audit of financial statements carried out in accordance with the Standard of Auditing and only to the extent required by Rule 11(g) of the Companies (Audit and Auditors) Rules,2014. We have not carried out any audit or examination of the audit trail beyond the matters required by the aforesaid Rule 11(g) nor have we carried out any standalone audit or examination of the audit trail.

Annexure C

To the Independent Auditor's Report of even date on the Standalone Financial Statements of PONDICHERRY ASHOK HOTEL CORPORATION LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013.

We have audited the internal financial controls over financial reporting of **PONDICHERRY ASHOK HOTEL CORPORATION LIMITED (CIN: U17111PY1986SGC000417)** as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence amount the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and operating effectiveness of internal control based on the assessed risk. The procedures selected depend upon on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issues by the Institute of Chartered Accountants of India.

Note 1: Notes to the Standalone Financial Statements for the year ended March 31, 2025

Corporate Information

PONDICHERRY ASHOK HOTEL CORPORATION LIMITED. ("the Company") is an entity domiciled in India, with its registered office at PONDICHERRY.

Basis for preparation of accounts

a. Statement of Compliance:

These financial statements have been prepared in accordance with Ind AS as notified under the Companies (Indian Accounting Standards) Rules, 2015, read with Section 133 of the Companies Act, 2013.

b. Basis of preparation

These financial statements have been prepared on a historical cost basis, except for:

- i. certain financial assets, liabilities and contingent considerations that are measured at fair value;
- ii. assets held for sale- measured at fair value less cost to sell; and
- iii. defined benefit plans – plan assets, measured at fair value.

The assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule – III to the Companies Act, 2013 and Ind AS 1- "Presentation of Financial Statements". The Current Assets do not include elements which are not expected to be realised within one year and Current Liabilities do not include items which are due after one year, the period of one year being reckoned from the reporting date.

c. Functional and presentation currency

The financial statements are presented in Indian Rupee (INR), which is also the Company's functional currency.

Use of estimates and judgements

The preparation of the financial statements in conformity with Ind-AS requires the Management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The actual result may differ from such estimates. Estimates and changes are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future period.

The Company recognizes revenue for a performance obligation satisfied over time after reasonably estimating its progress towards complete satisfaction of the performance obligation.

The recognition of revenue requires assessments and judgments to be made on changes in work scope, claims (compensation, rebates etc.) and other payments to the extent performance obligation is satisfied and they are probable and are capable of being reasonably measured. For the purpose of making estimates for claims, the company used the available contractual and historical information.

Material Accounting Policies:

1. Property, Plant and Equipment (PPE)

- Items of Property, Plant and Equipment are valued at cost of acquisition inclusive of any other cost attributable to bringing the same to their working condition less accumulated depreciation and any accumulated impairment losses.

- PPE retired from active use and held for disposal are stated at the lower of carrying amount or net realizable value and are shown separately in the financial statements, the loss determined, if any, is recognized in the Profit & Loss Statement.
- In cases where receipts/scrutiny of final bills of the contractors/suppliers, settlement of the rates to be paid for extra items and price escalation etc. are pending, the capitalization is effected provisionally, based on the value of work completed as certified by the Project Engineers. The difference, if any, is proposed to be accounted for in the year in which the final bills are settled.
- Depreciation on PPE is provided on pro-rata basis on the Straight Line Method "over the estimated useful life of the PPE" as per Companies Act, 2013, and as assessed by the management is as under:

S.No	Particular	Useful life as per The Companies Act, 2013		Straight Line Method % rates

2. Intangible Assets

Intangible Assets (Software) are stated at their cost of acquisition less accumulated amortisation and accumulated losses. Intangible Assets (Software), cost are amortized over a period of legal right to use or 3 years, whichever is earlier.

3. Impairment of assets

Assets subject to amortization/ depreciation are tested for impairment provided that an event or change in circumstances indicates that their carrying amount might not be recoverable. An impairment loss is recognized in the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the greater of an asset's fair value less sale costs and value in use.

4. Investments in Subsidiaries & Joint ventures

Investments in subsidiaries and joint ventures are accounted at cost less impairment losses, if any.

If the intention of the management is to dispose the investment in near future, it is classified as held for sale and measured at lower of its carrying amount and fair value less costs to sell.

5. Inventories

Stocks and stores including stock of crockery, cutlery, glassware and linen, etc., in hand as well as in circulation are valued at cost on FIFO basis or realizable value whichever is less.

6. Revenue Recognition

Revenue from contract with customers

Revenue from contract with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Revenue from contract with customers is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be measured reliably.

The Company recognise revenue for a performance obligation satisfied at point in time or over time after reasonably measuring its progress towards complete satisfaction of the performance obligation, In case where the outcome of a performance obligation cannot be reasonably measured but the Company expects to recover the costs incurred in satisfying the performance obligation, the revenue is being recognised only to the extent of the costs incurred until such time that it can reasonably measure the outcome of the performance obligation.

In case of performance obligation being satisfied over time, it is measured by applying input method. In the contracts where performance obligation cannot be measured by input method, the output method is applied, which faithfully depict the Company's performance towards complete satisfaction of the performance obligation.

Revenue is measured at the transaction price that is allocated to the performance obligation and it excludes amounts collected on behalf of third parties and is adjusted for variable considerations like customer loyalty programs discount and rebates.

If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional. If a customer pays consideration before the Company transfers good or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liability is recognised as revenue when the Company performs under the Contract.

Revenue from sale of goods

Revenue from sale of goods at hotels like food and beverages, goods at duty free shops, tourist literature and other publications are recognized at the point in time when the control of goods are transferred to the customers.

Revenue from rendering of services

Revenue from license fee is recognized as a performance obligation satisfied over time on monthly basis.

Revenue from room rent/rent of banquet halls/lawn is recognized on day to day basis.

Revenue from packaged tours and transport services are recognized as a performance obligation satisfied over time and is recognized in proportion to the services delivered.

Revenue from event management is recognized as a performance obligation satisfied at point in time on the completion of the event.

Revenue from training fee, Management services are recognized as a performance obligation satisfied over time as the customer simultaneously receives and consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from sale of show tickets is recognized at the point in time on satisfaction of performance obligation.

Revenue from projects (deposit works) is being satisfied over time. After contract inception, the transaction price can change for various reasons. Any subsequent change in the transaction price is then allocated to the performance obligations in the contract on the same basis as at contract inception. Consequently, amounts allocated to a satisfied performance obligation are recognised as revenue, or as a reduction of revenue, in the period in which the transaction price changes. Estimate of revenues, costs, or extent of progress towards completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are recognized by including it in profit or loss in the period of the change, if the change affects that period only or the period of change and future periods, if the change affects both.

Revenue from operation and maintenance services in relation to projects (deposit works) is being satisfied over time as the customer simultaneously receives and consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from management fee from subsidiaries is determined at year end and is recognized as a performance obligation satisfied at a point in time.

Interest income

Interest income is recognized using Effective Interest rate method as other income.

Dividend income

Dividends are recognized as other income in profit or loss when the right to receive payment is established.

Other income

Supplementary claims are accounted for on acceptance of claims.

7. Employees' Benefits

Liabilities in respect of benefits to employees are provided for as follows:

1. Short-term employee benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be incurred when the liabilities are settled. The liabilities are presented as Short Term employee benefit obligations in the balance sheet.

ESI is provided on the basis of actual liability accrued and paid to authorities

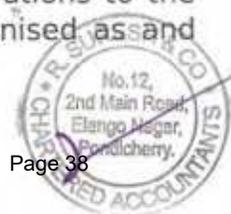

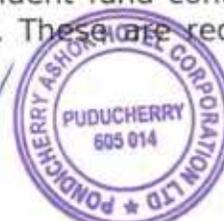

2. Post-employment obligations:

i. Defined Benefit Plans:

Gratuity and Post-Retirement Benefits Plans- The defined benefit obligation is calculated annually by actuary using the projected unit credit method. Re-measurement gains and losses arising from experiences, adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. The value of the defined benefit obligation resulting from plan amendments or curtailments is recognised immediately in profit or loss as past service cost.

ii. Defined Contribution Plans:

Provident Fund – The Company transfers provident fund contributions to the trust recognised for maintenance of the fund. These are recognised as and when they are due.

3. Other Long Term Employee Benefits:

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. The Company measures the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement that has accumulated at the end of the reporting period. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

8. Foreign Currency Translation/ Transaction

Transaction in foreign currencies is recorded at the exchange rate prevailing on the date of the transaction.

Foreign currency denominated monetary assets and liabilities are translated into the functional currency at exchange rates in effect at the end of each reporting period. Foreign exchange gains or losses arising from settlement and translations are recognized in the statement of profit and loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at exchange rate prevailing at the date of transaction.

9. Provisions, Contingent Liabilities and Contingent Assets

1. Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be outflow of resources.
2. Where as a result of past events, there is a possible obligation that may, but probably will not, require any outflow of resources, no provision is recognized but appropriate disclosure is made in the notes as Contingent Liabilities.
3. Contingent liabilities are disclosed on the basis of judgement of the management/independent experts. These are revised at each Balance Sheet date and adjusted to reflect the current management estimate.
4. Contingent assets are disclosed where an inflow of economic benefits is probable.
5. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.
6. However, where the effect of time value of money is material, the amount of provision shall be the present value of the expenditure expected to be required to settle the obligation.
7. Capital commitments and Contingent liabilities disclosed are in respect of items which exceed ₹100,000/- in each case.

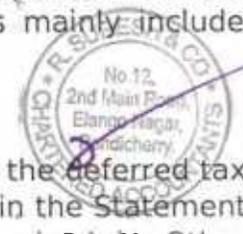

10. Non-current assets or disposal group held for sale

Non-current assets, or disposal groups comprising assets and liabilities are classified as held for sale if it is highly probable that they will be recovered primarily through a sale rather than through continuing use. Such assets, or disposal groups, are generally measured at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale/ distribution to owners are not depreciated or amortised.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss post tax from discontinued operations in the statement of profit and loss. All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

11. Income-tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other

Handwritten signatures and initials.

Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity, respectively.

Current tax:

Current tax expenses are accounted for in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Additional Income tax that arise from the distribution of dividends are recognized at the same time when the liability to pay the related dividend is recognized.

Deferred tax:

Deferred tax is recognized using the balance sheet method, providing for temporary difference between the carrying amount of an asset or liability in the balance sheet and its tax base.

Deferred tax is measured at the tax rates that are expected to apply when the temporary differences are either realised or settled, based on the laws that have been enacted or substantively enacted by the end of reporting period.

A deferred tax asset is recognized to the extent that it is probable that the future temporary difference will reverse in the foreseeable future and the future taxable profit will be available against which the temporary difference can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Minimum Alternative Tax ("MAT") credit forming part of Deferred tax assets is recognized as an asset only when and to the extent that it is probable that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer probable to the effect that the Company will pay normal income tax during the specified period.

12. Borrowing Cost

1. Borrowing Costs if any, directly attributable to the acquisition/construction of qualifying assets are capitalized as part of the cost of the respective assets.
2. Other borrowing costs are expensed in the year in which they are incurred.

13. Government Grants:

1. Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the group will comply with all attached conditions.
2. Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.
3. Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the useful lives of the related assets and presented within other income.

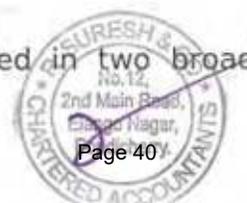

14. Financial Instruments

Recognition, Initial Measurement and de-recognition

Financial Assets and Financial Liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transaction costs, except for those carried at fair value through profit or loss (FVTPL) which is measured initially at fair value. Subsequent measurement of Financial Assets and Financial Liabilities are described below.

Classification and Subsequent Measurement of Financial Assets

For purpose of subsequent measurement financial assets are classified in two broad categories:-

- Amortized Cost
- Financial assets at FVTPL

All financial assets except for those at FVTPL are subject to review for impairment.

Amortised cost

A financial asset shall be measured at amortised cost using effective interest rates if both of the following conditions are met:

- The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amounts outstanding.

The Company's cash and cashequivalents, trade and other receivables fall into this category of financial instruments.

Impairment of financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For receivables and contract assets, the Company applies the simplified approach permitted by Ind AS 109 Financial instruments, which requires expected lifetime losses to be recognized from initial recognition of the trade receivables and contract assets.

De-recognition of Financial Instruments

Financial Assets are derecognised when the contractual rights to the cash flows from the Financial Assets expire, or when the Financial Assets and all substantial risks and rewards are transferred. A Financial Liability is derecognised when it is extinguished, discharged, cancelled or expires.

15. Leases

i. As a lessee

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-to-use asset or the end of the lease term. The estimated useful life of right-of-use asset is determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments from a change in an index or rate. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use asset that do not meet the definition of investment property in "Property, plant and equipment" and lease liabilities in "other financial liabilities" in the Balance Sheet.

Short term leases and leases of low value assets: The Company has elected not to recognize right-of-use asset and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Company recognizes the

lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Cancellable lease: The Company recognise the lease payments associated with the leases which are cancellable in nature as expense on a straight-line basis over the lease term.

ii. As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all the risk and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not, then it is an operating lease. As part of the assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 "Revenue from contract with customers" to allocate the consideration in the contract.

The Company recognizes lease payments received under operating lease as income on a straight line basis over the lease term as part of "Revenue".

16. Exceptional Items

The company discloses certain financial information both including and excluding exceptional items. The presentation of information excluding exceptional items allows a better understanding of the underlying performance of the company and provides consistency with the company's internal management reporting. Exceptional items are identified by virtue of either their size or nature so as to facilitate comparison with prior periods and to assess underlying trends in the financial performance of the company. Exceptional items can include, but are not restricted to, gains and losses on the disposal of assets/ investments.

17. Prior Period Items

Material prior period items which arise in the current period as a result of error or omission in the preparation of prior period's financial statement are corrected retrospectively in the first set of financial statements approved for issue after their discovery by:

- a) restating the comparative amounts for the prior period(s) presented in which the error occurred; or
- b) if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for the earliest prior period presented.
- c) Any items exceeding rupees five lakhs (₹5 Lakhs) shall be considered as material prior period item.
- d) Retrospective restatement shall be done except to the extent that it is impracticable to determine either the period specific effects or the cumulative effect of the error. When it is impracticable to determine the period specific effects of an error on comparative information for one or more prior periods presented, the company shall restate the opening balances of assets, liabilities and equity for the earliest prior for which retrospective restatement is practicable (which may be the current period).

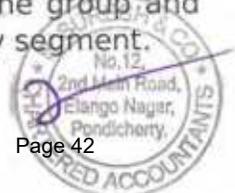

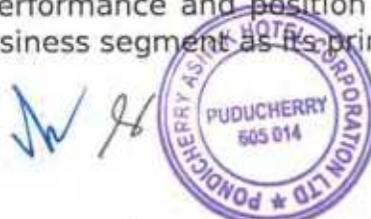

18. Cash and Cash Equivalent

Cash and cash equivalents comprise cash at bank and on hand. It includes term deposits and other short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

19. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors assesses the financial performance and position of the group and makes strategic decisions and have identified business segment as its primary segment.

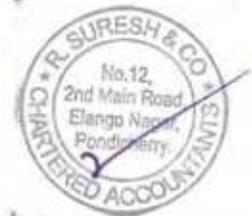

20. Cash Flow Statement

Cash Flow Statement, as per Ind AS 7, is prepared using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

21. Earnings per share

1. Basic earnings per share: Basic earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by weighted average number of equity shares outstanding during the period.
2. Diluted earnings per share: Diluted earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by the weighted average number of equity shares outstanding including equity shares which would have been issued on the conversion of all dilutive potential equity shares unless they are considered anti-dilutive in nature.

Independent Auditors' Report

To

The Members of
M/s Punjab Ashok Hotel Company Limited,

Report on the Standalone Ind AS Financial Statements:

Opinion

We have audited the accompanying standalone Ind AS financial statements of **M/s Punjab Ashok Hotel Company Limited ("the Company")**, which comprise the Balance Sheet as at **31st March, 2025**, the Statement of Profit and Loss, statement of cash flows and the statement of change in equity for the year then ended, and notes to the financial statements, and a summary of the Material accounting policies and other explanatory information (hereinafter referred to as "Standalone Ind AS Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS Financial Statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the Company as at 31st March, 2025, and its profit & loss, its Cash Flow and change in the equity for the year ended on that date.

Basis of Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

a) Proposal of transferring shareholding of 51% share of ITDC to PTDC :

<p>ITDC & PTDC signed a Promoter's agreement dated 7th July 1998 for setting up and operating a Hotel at Anandpur Sahib, Punjab. However due to cost escalation and shortage of funds, construction work of Hotel had been stand still since December 2000. As per disinvestment policy of the Government of India, ITDC has approved the proposal sent by PTDC in its meeting dated 28th March 2022 at the valuation of Rs 79,39,257 (Valuation of JV taken as Rs 1,55,67,171/-) as depreciated cost of building as full and final amount against transfer of all rights and ownership of the project to PTDC and other expenses will be borne by the PTDC & ITDC in their respective shareholding.</p>	<p>The proposed disinvestment has yet to get approval of CCEA. MOU with the Govt. of Punjab dated 14th Feb 2023 valid till 31st March 2023 & extended till September 2024. Further extension of validity of the MoU upto March 31, 2026 is under process.</p> <p>CCEA Note was circulated by the MoT for Inter-Ministerial consultations. DIPAM advised for taking approval of Alternative Mechanism instead of CCEA Note. Accordingly, the note for Alternative Mechanism has been sent to MoT on March 28, 2024. Revised Note for Alternative Mechanism was sent to MoT on February 7, 2025 with a copy to DIPAM</p>

Information other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors and Management are responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including annexures and obtained at the date of this auditor's report, but does not include the financial statements and our auditor's report there on.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation and presentation of these Standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance, cash flow and change in the equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with relevant rules issued there under.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds

and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether these Standalone Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our audit work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the 'Annexure A', a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by the Section 143(5) of the Act, we give in Annexure B hereto a statement on the direction/sub-directions issued by the Comptroller and Auditor General of India.
3. As required by section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The company does not have any branch.
 - (d) The Balance Sheet and the Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (e) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- (f) There are no financial transactions or matters which have any adverse effect on the functioning of the company.
- (g) Being a Government Company, pursuant to notification No GSR 463(E) dated 05th June 2015 issued by the Ministry of Corporate Affairs, the provisions of section 164(2) of the Companies Act, 2013 regarding disqualification of directors are not applicable to the company.
- (h) There is no qualification, reservation or adverse remark relating to the maintenance of accounts and other matters connected therewith except reported in Key Matters above
- (i) With respect to the adequacy of the internal financial controls with respect to financial statements of the company and the operating effectiveness of such controls, refer to our separate report in "Annexure C" and
- (j) With respect to the other matters to be included in the Auditor's Report in accordance with the requirement of section 197(16) of the Act, we report that section 197 is not applicable to the Government Company. Hence reporting as per section 197(16) is not required.
- (k) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c) Based on audit procedures which we considered reasonable and appropriate in the circumstances, nothing has come to their notice that has caused them to believe that the representations under sub-clause (i) and (ii) contain any material misstatement.

- v. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014, as amended, as per the information & explanation given to us & based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with and the audit trail has been preserved by the company as per the statutory requirements for record retention.
- vi. Company has not declared or paid any dividend during the year, hence no reporting is required for this clause.

Annexure "C" referred to in paragraph 3(f) under the heading 'Report on other legal and regulatory requirements' of our Report of even date to the members of Punjab Ashok Hotel Company Limited on the Standalone Ind AS Financial Statements of the company for the year ended 31st March, 2025.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s Punjab Ashok Hotel Company Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Unit's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note 1: Notes to the Financial Statements for the year ended March 31, 2025

Corporate Information

PUNJAB ASHOK HOTEL COMPANY LIMITED ("the Company") is an entity domiciled in India, with its registered office at Chandigarh.

Basis for preparation of accounts

a. Statement of Compliance:

These financial statements have been prepared in accordance with Ind AS as notified under the Companies (Indian Accounting Standards) Rules, 2015, read with Section 133 of the Companies Act, 2013.

b. Basis of preparation

These financial statements have been prepared on a historical cost basis, except for:

- i. certain financial assets, liabilities and contingent considerations that are measured at fair value;
- ii. assets held for sale- measured at fair value less cost to sell; and
- iii. defined benefit plans – plan assets, measured at fair value.

The assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule – III to the Companies Act, 2013 and Ind AS 1– "Presentation of Financial Statements". The Current Assets do not include elements which are not expected to be realised within one year and Current Liabilities do not include items which are due after one year, the period of one year being reckoned from the reporting date.

c. Functional and presentation currency

The financial statements are presented in Indian Rupee (INR), which is also the Company's functional currency.

Use of estimates and judgements

The preparation of the financial statements in conformity with Ind-AS requires the Management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The actual result may differ from such estimates. Estimates and changes are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future period.

The Company recognizes revenue for a performance obligation satisfied over time after reasonably estimating its progress towards complete satisfaction of the performance obligation.

The recognition of revenue requires assessments and judgments to be made on changes in work scope, claims (compensation, rebates etc.) and other payments to the extent performance obligation is satisfied and they are probable and are capable of being reasonably measured. For the purpose of making estimates for claims, the company used the available contractual and historical information.

Material Accounting Policies:

1. Property, Plant and Equipment (PPE)

- Items of Property, Plant and Equipment are valued at cost of acquisition inclusive of any other cost attributable to bringing the same to their working condition less accumulated depreciation and any accumulated impairment losses.
- PPE retired from active use and held for disposal are stated at the lower of carrying amount or net realizable value and are shown separately in the financial statements, the loss determined, if any, is recognized in the Profit & Loss Statement.
- In cases where receipts/scrutiny of final bills of the contractors/suppliers, settlement of the rates to be paid for extra items and price escalation etc. are pending, the capitalization is effected provisionally, based on the value of work completed as certified by the Project Engineers. The difference, if any, is proposed to be accounted for in the year in which the final bills are settled.
- Depreciation on PPE is provided on pro-rata basis on the Straight Line Method "over the estimated useful life of the PPE" as per Companies Act, 2013, and as assessed by the management is as under:

2. Intangible Assets

Intangible Assets (Software) are stated at their cost of acquisition less accumulated amortisation and accumulated losses. Intangible Assets (Software), cost are amortized over a period of legal right to use or 3 years, whichever is earlier.

3. Impairment of assets

Assets subject to amortization/ depreciation are tested for impairment provided that an event or change in circumstances indicates that their carrying amount might not be recoverable. An impairment loss is recognized in the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the greater of an asset's fair value less sale costs and value in use.

4. Investments in Subsidiaries & Joint ventures

Investments in subsidiaries and joint ventures are accounted at cost less impairment losses, if any. If the intention of the management is to dispose the investment in near future, it is classified as held for sale and measured at lower of its carrying amount and fair value less costs to sell.

5. Inventories

Stocks and stores including stock of crockery, cutlery, glassware and linen, etc., in hand as well as in circulation are valued at cost on FIFO basis or realizable value whichever is less.

6. Revenue Recognition

Revenue from contract with customers

Revenue from contract with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Revenue from contract with customers is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be measured reliably.

The Company recognise revenue for a performance obligation satisfied at point in time or over time after reasonably measuring its progress towards complete satisfaction of the performance obligation, In case where the outcome of a performance obligation cannot be reasonably measured but the Company expects to recover the costs incurred in satisfying the performance obligation, the revenue is being recognised only to the extent of the costs incurred until such time that it can reasonably measure the outcome of the performance obligation.

In case of performance obligation being satisfied over time, it is measured by applying input method. In the contracts where performance obligation cannot be measured by input method, the output method is applied, which faithfully depict the Company's performance towards complete satisfaction of the performance obligation.

Revenue is measured at the transaction price that is allocated to the performance obligation and it excludes amounts collected on behalf of third parties and is adjusted for variable considerations like customer loyalty programs discount and rebates.

If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional. If a customer pays consideration before the Company transfers good or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liability is recognised as revenue when the Company performs under the Contract.

Revenue from sale of goods

Revenue from sale of goods at hotels like food and beverages, goods at duty free shops, tourist literature and other publications are recognized at the point in time when the control of goods are transferred to the customers.

Revenue from rendering of services

Revenue from license fee is recognized as a performance obligation satisfied over time on monthly basis.

Revenue from room rent/rent of banquet halls/lawn is recognized on day to day basis.

Revenue from packaged tours and transport services are recognized as a performance obligation satisfied over time and is recognized in proportion to the services delivered.

Revenue from event management is recognized as a performance obligation satisfied at point in time on the completion of the event.

Revenue from training fee, Management services are recognized as a performance obligation satisfied over time as the customer simultaneously receives and consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from sale of show tickets is recognized at the point in time on satisfaction of performance obligation.

Revenue from projects (deposit works) is being satisfied over time. After contract inception, the transaction price can change for various reasons. Any subsequent change in the transaction price is then allocated to the performance obligations in the contract on the same basis as at contract inception. Consequently, amounts allocated to a satisfied performance obligation are recognised as revenue, or as a reduction of revenue, in the period in which the transaction price changes. Estimate of revenues, costs, or extent of progress towards completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are recognized by including it in profit or loss in the period of the change, if the change affects that period only or the period of change and future periods, if the change affects both.

Revenue from operation and maintenance services in relation to projects (deposit works) is being satisfied over time as the customer simultaneously receives and consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from management fee from subsidiaries is determined at year end and is recognized as a performance obligation satisfied at a point in time.

Interest income

Interest income is recognized using Effective Interest rate method as other income.

Dividend income

Dividends are recognized as other income in profit or loss when the right to receive payment is established.

Other income

Supplementary claims are accounted for on acceptance of claims.

7. Employees' Benefits

Liabilities in respect of benefits to employees are provided for as follows:

1. Short-term employee benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be incurred when the liabilities are settled. The liabilities are presented as Short Term employee benefit obligations in the balance sheet.

ESI is provided on the basis of actual liability accrued and paid to authorities

2. Post-employment obligations:

i. Defined Benefit Plans:

Gratuity and Post-Retirement Benefits Plans- The defined benefit obligation is calculated annually by actuary using the projected unit credit method. Re-measurement gains and losses arising from experiences, adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. The value of the defined benefit obligation resulting from plan amendments or curtailments is recognised immediately in profit or loss as past service cost.

ii. Defined Contribution Plans:

Provident Fund – The Company transfers provident fund contributions to the trust recognised for maintenance of the fund. These are recognised as and when they are due.

3. Other Long Term Employee Benefits:

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. The Company measures the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement that has accumulated at the end of the reporting period. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

8. Foreign Currency Translation/ Transaction

Transaction in foreign currencies is recorded at the exchange rate prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated into the functional currency at exchange rates in effect at the end of each reporting period. Foreign exchange gains or losses arising from settlement and translations are recognized in the statement of profit and loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at exchange rate prevailing at the date of transaction.

9. Provisions, Contingent Liabilities and Contingent Assets

1. Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be outflow of resources.
2. Where as a result of past events, there is a possible obligation that may, but probably will not, require any outflow of resources, no provision is recognized but appropriate disclosure is made in the notes as Contingent Liabilities.
3. Contingent liabilities are disclosed on the basis of judgement of the management/independent experts. These are revised at each Balance Sheet date and adjusted to reflect the current management estimate.
4. Contingent assets are disclosed where an inflow of economic benefits is probable.
5. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.
6. However, where the effect of time value of money is material, the amount of provision shall be the present value of the expenditure expected to be required to settle the obligation.

7. Capital commitments and Contingent liabilities disclosed are in respect of items which exceed ₹100,000/- in each case.

10. Non-current assets or disposal group held for sale

Non-current assets, or disposal groups comprising assets and liabilities are classified as held for sale if it is highly probable that they will be recovered primarily through a sale rather than through continuing use. Such assets, or disposal groups, are generally measured at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale/ distribution to owners are not depreciated or amortised.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss post tax from discontinued operations in the statement of profit and loss. All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

11. Income-tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity, respectively.

Current tax:

Current tax expenses are accounted for in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Additional Income tax that arise from the distribution of dividends are recognized at the same time when the liability to pay the related dividend is recognized.

Deferred tax:

Deferred tax is recognized using the balance sheet method, providing for temporary difference between the carrying amount of an asset or liability in the balance sheet and its tax base.

Deferred tax is measured at the tax rates that are expected to apply when the temporary differences are either realised or settled, based on the laws that have been enacted or substantively enacted by the end of reporting period.

A deferred tax asset is recognized to the extent that it is probable that the future temporary difference will reverse in the foreseeable future and the future taxable profit will be available against which the temporary difference can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Minimum Alternative Tax ("MAT") credit forming part of Deferred tax assets is recognized as an asset only when and to the extent that it is probable that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer probable to the effect that the Company will pay normal income tax during the specified period.

12. Borrowing Cost

1. Borrowing Costs if any, directly attributable to the acquisition/construction of qualifying assets are capitalized as part of the cost of the respective assets.
2. Other borrowing costs are expensed in the year in which they are incurred.

13. Government Grants:

1. Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the group will comply with all attached conditions.
2. Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.
3. Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the useful lives of the related assets and presented within other income.

14. Financial Instruments

Recognition, Initial Measurement and de-recognition

Financial Assets and Financial Liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transaction costs, except for those carried at fair value through profit or loss (FVTPL) which is measured initially at fair value. Subsequent measurement of Financial Assets and Financial Liabilities are described below.

Classification and Subsequent Measurement of Financial Assets

For purpose of subsequent measurement financial assets are classified in two broad categories:-

- Amortized Cost
- Financial assets at FVTPL

All financial assets except for those at FVTPL are subject to review for impairment.

Amortised cost

A financial asset shall be measured at amortised cost using effective interest rates if both of the following conditions are met:

- a) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- b) The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amounts outstanding.

The Company's cash and cash equivalents, trade and other receivables fall into this category of financial instruments.

Impairment of financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For receivables and contract assets, the Company applies the simplified approach permitted by Ind AS 109 Financial instruments, which requires expected lifetime losses to be recognized from initial recognition of the trade receivables and contract assets.

De-recognition of Financial Instruments

Financial Assets are derecognised when the contractual rights to the cash flows from the Financial Assets expire, or when the Financial Assets and all substantial risks and rewards are transferred. A Financial Liability is derecognised when it is extinguished, discharged, cancelled or expires.

15. Leases

i. As a lessee

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-to-use asset or the end of the lease term. The estimated useful life of right-of-use asset is determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments from a change in an index or rate. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use asset that do not meet the definition of investment property in "Property, plant and equipment" and lease liabilities in "other financial liabilities" in the Balance Sheet.

Short term leases and leases of low value assets: The Company has elected not to recognize right-of-use asset and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Cancellable lease: The Company recognise the lease payments associated with the leases which are cancellable in nature as expense on a straight-line basis over the lease term.

ii. As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all the risk and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not, then it is an operating lease. As part of the assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 "Revenue from contract with customers" to allocate the consideration in the contract.

The Company recognizes lease payments received under operating lease as income on a straight line basis over the lease term as part of "Revenue".

16. Exceptional Items

The company discloses certain financial information both including and excluding exceptional items. The presentation of information excluding exceptional items allows a better understanding of the underlying performance of the company and provides consistency with the company's internal management reporting. Exceptional items are identified by virtue of either their size or nature so as to facilitate comparison with prior periods and to assess underlying trends in the financial performance of the company. Exceptional items can include, but are not restricted to, gains and losses on the disposal of assets/ investments.

17. Prior Period Items

Material prior period items which arise in the current period as a result of error or omission in the preparation of prior period's financial statement are corrected retrospectively in the first set of financial statements approved for issue after their discovery by:

- a) restating the comparative amounts for the prior period(s) presented in which the error occurred; or
- b) if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for the earliest prior period presented.
- c) Any items exceeding rupees five lakhs (₹ 5 Lakhs) shall be considered as material prior period item.
- d) Retrospective restatement shall be done except to the extent that it is impracticable to determine either the period specific effects or the cumulative effect of the error. When it is impracticable to determine the period specific effects of an error on comparative information for one or more prior periods presented, the company shall restate the opening balances of assets, liabilities and equity for the earliest prior for which retrospective restatement is practicable (which may be the current period).

18. Cash and Cash Equivalent

Cash and cash equivalents comprise cash at bank and on hand. It includes term deposits and other short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

19. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors assesses the financial performance and position of the group and makes strategic decisions and have identified business segment as its primary segment.

20. Cash Flow Statement

Cash Flow Statement, as per Ind AS 7, is prepared using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

21. Earnings per share

1. Basic earnings per share: Basic earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by weighted average number of equity shares outstanding during the period.
2. Diluted earnings per share: Diluted earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by the weighted average number of equity shares outstanding including equity shares which would have been issued on the conversion of all dilutive potential equity shares unless they are considered anti-dilutive in nature.

Independent Auditor's Report

To,
The Members,

REPORT ON THE STANDALONE Ind AS FINANCIAL STATEMENTS

Opinion

We have audited the accompanying Standalone Ind AS financial statements of M/s RANCHI ASHOK BIHAR HOTEL CORPORATION LIMITED ("the Company"), which comprise the Balance sheet as at 31st March 2025, and the statement of Profit and Loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as "standalone Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS"), of the state of affairs of the Company as at March 31, 2025 and its loss (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Emphasis of Matter

1. The Company has accumulated losses because of the closure of operation since 2018, consequently its net worth is also fully eroded. There is a big question mark on the Company's ability to continue as a going concern. Although big hope had arisen due to the execution of Memorandum of Understanding (MOU) on 24.11.2020 among ITDC, RABHCL and Govt of Jharkhand for the revival of this Company. Even a sum of Rs. 9.43 Crore was paid by the Govt. of Jharkhand to ITDC, Delhi which in turn paid Rs. 6.36 Crore to RABHCL. Despite the fact that the cut-off date had already expired for the execution of transfer agreement among the aforesaid parties and no further development has taken place, management of RABHCL is still hopeful for its revival and still consider it as a going concern. We agree with the views of management in this respect.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

The Management Report is not available to us at the date of this Auditor's Report. Hence, we have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk

of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act'2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), as amended, issued by the Government of India in terms of sub-section (11) of section 143 of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the said Order, to the extent applicable.
2. We are enclosing our report in terms of Section 143 (5) of the Act, on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, in the "Annexure 2" on the directions and sub-directions issued by The Comptroller and Auditor General of India.
3. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - c. The balance sheet, the statement of profit and loss including other comprehensive income, the statement of cash flows and the statement of changes in equity dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid standalone Ind AS financial statements comply with the applicable Accounting Standards specified under Section 133 of the Act, read with relevant rules of the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - e. Being a Government Company, pursuant to the Notification No. GSR 463(E) dated 5th June 2015 issued by Ministry of Corporate Affairs, Government of India, provisions of sub-section (2) of Section 164 of the Companies Act, 2013, are not applicable to the Company.

- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure 3".
- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, we report that section 197 is not applicable on government company. Hence reporting as per section 197(16) is not required.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, read with Companies (Audit & Auditors) Amendment Rules, 2017 in our opinion and to the best of our information and according to the explanations given to us.
- i. The Company does not have any pending litigations (except the cases for which the Company has already made necessary disclosures for such liability under contingent liabilities) which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts; as such the question of commenting on any material foreseeable losses does not arise.
 - iii. There has not been any occasion in the case of the Company during the year under report to transfer any sums to the Investor Education and Protection Fund. The question of delay in transferring such sums does not arise.
 - iv. The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - v. The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - vi. Based on audit procedures which we considered reasonable and appropriate in the

circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.

- vii. The company has not declared or paid any dividend during the year in contravention of the provisions of section 123 of the Companies Act, 2013.
- viii. Based on our examination which included test checks, the company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

**"Annexure 3" to the Independent Auditor's Report of even date
on the Standalone Financial Statements of RANCHI ASHOK BIHAR
HOTEL CORPORATION LIMITED**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3
of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of RANCHI ASHOK BIHAR HOTEL CORPORATION LIMITED, ("the Company") as of March 31, 2025 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those

Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, maintained adequate internal financial controls over financial reporting as of 31st March'2025, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India and the Company's internal financial controls over financial reporting were operating effectively as at March 31, 2025.

Note 1: Notes to the Financial Statements for the year ended March 31, 2025

Corporate Information

RANCHI ASHOK BIHAR HOTEL CORPORATION LTD. ("the Company") is an entity domiciled in India, with its registered office at Patna.

Basis for preparation of accounts

a. Statement of Compliance:

These financial statements have been prepared in accordance with Ind AS as notified under the Companies (Indian Accounting Standards) Rules, 2015, read with Section 133 of the Companies Act, 2013.

b. Basis of preparation

These financial statements have been prepared on a historical cost basis, except for:

- i. certain financial assets, liabilities and contingent considerations that are measured at fair value;
- ii. assets held for sale- measured at fair value less cost to sell; and
- iii. defined benefit plans – plan assets, measured at fair value.

The assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule – III to the Companies Act, 2013 and Ind AS 1– "Presentation of Financial Statements". The Current Assets do not include elements which are not expected to be realised within one year and Current Liabilities do not include items which are due after one year, the period of one year being reckoned from the reporting date.

c. Functional and presentation currency

The financial statements are presented in Indian Rupee (INR), which is also the Company's functional currency.

Use of estimates and judgements

The preparation of the financial statements in conformity with Ind-AS requires the Management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The actual result may differ from such estimates. Estimates and changes are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future period.

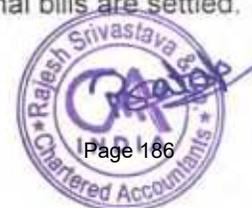

The Company recognizes revenue for a performance obligation satisfied over time after reasonably estimating its progress towards complete satisfaction of the performance obligation.

The recognition of revenue requires assessments and judgments to be made on changes in work scope, claims (compensation, rebates etc.) and other payments to the extent performance obligation is satisfied and they are probable and are capable of being reasonably measured. For the purpose of making estimates for claims, the company used the available contractual and historical information.

Material Accounting Policies:

1. Property, Plant and Equipment (PPE)

- Items of Property, Plant and Equipment are valued at cost of acquisition inclusive of any other cost attributable to bringing the same to their working condition less accumulated depreciation and any accumulated impairment losses.
- PPE retired from active use and held for disposal are stated at the lower of carrying amount or net realizable value and are shown separately in the financial statements, the loss determined, if any, is recognized in the Profit & Loss Statement.
- In cases where receipts/scrutiny of final bills of the contractors/suppliers, settlement of the rates to be paid for extra items and price escalation etc. are pending, the capitalization is effected provisionally, based on the value of work completed as certified by the Project Engineers. The difference, if any, is proposed to be accounted for in the year in which the final bills are settled.

- Depreciation on PPE is provided on pro-rata basis on the Straight Line Method "over the estimated useful life of the PPE" as per Companies Act, 2013, and as assessed by the management is as under:

S.No	Particular	Useful life as per The Companies Act, 2013		Straight Line Method % rates

2. Intangible Assets

Intangible Assets (Software) are stated at their cost of acquisition less accumulated amortisation and accumulated losses. Intangible Assets (Software), cost are amortized over a period of legal right to use or 3 years, whichever is earlier.

3. Impairment of assets

Assets subject to amortization/ depreciation are tested for impairment provided that an event or change in circumstances indicates that their carrying amount might not be recoverable. An impairment loss is recognized in the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the greater of an asset's fair value less sale costs and value in use.

4. Investments in Subsidiaries & Joint ventures

Investments in subsidiaries and joint ventures are accounted at cost less impairment losses, if any. If the intention of the management is to dispose the investment in near future, it is classified as held for sale and measured at lower of its carrying amount and fair value less costs to sell.

5. Inventories

Stocks and stores including stock of crockery, cutlery, glassware and linen, etc., in hand as well as in circulation are valued at cost on FIFO basis or realizable value whichever is less.

6. Revenue Recognition

Revenue from contract with customers

Revenue from contract with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Revenue from contract with customers is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be measured reliably.

The Company recognise revenue for a performance obligation satisfied at point in time or over time after reasonably measuring its progress towards complete satisfaction of the performance obligation, In case where the outcome of a performance obligation cannot be reasonably measured but the Company expects to recover the costs incurred in satisfying the performance obligation, the revenue is being recognised only to the extent of the costs incurred until such time that it can reasonably measure the outcome of the performance obligation.

In case of performance obligation being satisfied over time, it is measured by applying input method. In the contracts where performance obligation cannot be measured by input method, the output method is applied, which faithfully depict the Company's performance towards complete satisfaction of the performance obligation.

Revenue is measured at the transaction price that is allocated to the performance obligation and it excludes amounts collected on behalf of third parties and is adjusted for variable considerations like customer loyalty programs discount and rebates.

If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional. If a customer pays consideration before the Company transfers good or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liability is recognised as revenue when the Company performs under the Contract.

Revenue from sale of goods

Revenue from sale of goods at hotels like food and beverages, goods at duty free shops, tourist literature and other publications are recognized at the point in time when the control of goods are transferred to the customers.

Revenue from rendering of services

Revenue from license fee is recognized as a performance obligation satisfied over time on monthly basis.

Revenue from room rent/rent of banquet halls/lawn is recognized on day to day basis.

Revenue from packaged tours and transport services are recognized as a performance obligation satisfied over time and is recognized in proportion to the services delivered.

Revenue from event management is recognized as a performance obligation satisfied at point in time on the completion of the event.

Revenue from training fee, Management services are recognized as a performance obligation satisfied over time as the customer simultaneously receives and consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from sale of show tickets is recognized at the point in time on satisfaction of performance obligation.

Revenue from projects (deposit works) is being satisfied over time. After contract inception, the transaction price can change for various reasons. Any subsequent change in the transaction price is then allocated to the performance obligations in the contract on the same basis as at contract inception. Consequently, amounts allocated to a satisfied performance obligation are recognised as revenue, or as a reduction of revenue, in the period in which the transaction price changes. Estimate of revenues, costs, or extent of progress towards completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are recognized by including it in profit or loss in the period of the change, if the change affects that period only or the period of change and future periods, if the change affects both.

Revenue from operation and maintenance services in relation to projects (deposit works) is being satisfied over time as the customer simultaneously receives and consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from management fee from subsidiaries is determined at year end and is recognized as a performance obligation satisfied at a point in time.

Interest income

Interest income is recognized using Effective Interest rate method as other income.

Dividend income

Dividends are recognized as other income in profit or loss when the right to receive payment is established.

Other income

Supplementary claims are accounted for on acceptance of claims.

7. Employees' Benefits

Liabilities in respect of benefits to employees are provided for as follows:

1. Short-term employee benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be incurred when the liabilities are settled. The liabilities are presented as Short Term employee benefit obligations in the balance sheet.

ESI is provided on the basis of actual liability accrued and paid to authorities

2. Post-employment obligations:

i. Defined Benefit Plans:

Gratuity and Post-Retirement Benefits Plans- The defined benefit obligation is calculated annually by actuary using the projected unit credit method. Re-measurement gains and losses arising from experiences, adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. The value of the defined benefit obligation resulting from plan amendments or curtailments is recognised immediately in profit or loss as past service cost.

ii. Defined Contribution Plans:

Provident Fund – The Company transfers provident fund contributions to the trust recognised for maintenance of the fund. These are recognised as and when they are due.

3. Other Long Term Employee Benefits:

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. The Company measures the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement that has accumulated at the end of the reporting period. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

8. Foreign Currency Translation/ Transaction

Transaction in foreign currencies is recorded at the exchange rate prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated into the functional currency at exchange rates in effect at the end of each reporting period. Foreign exchange gains or losses arising from settlement and translations are recognized in the statement of profit and loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at exchange rate prevailing at the date of transaction.

9. Provisions, Contingent Liabilities and Contingent Assets

1. Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be outflow of resources.
2. Where as a result of past events, there is a possible obligation that may, but probably will not, require any outflow of resources, no provision is recognized but appropriate disclosure is made in the notes as Contingent Liabilities.
3. Contingent liabilities are disclosed on the basis of judgement of the management/independent experts. These are revised at each Balance Sheet date and adjusted to reflect the current management estimate.
4. Contingent assets are disclosed where an inflow of economic benefits is probable.
5. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.
6. However, where the effect of time value of money is material, the amount of provision shall be the present value of the expenditure expected to be required to settle the obligation.
7. Capital commitments and Contingent liabilities disclosed are in respect of items which exceed ₹100,000/- in each case.

10. Non-current assets or disposal group held for sale

Non-current assets, or disposal groups comprising assets and liabilities are classified as held for sale if it is highly probable that they will be recovered primarily through a sale rather than through continuing use. Such assets, or disposal groups, are generally measured at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale/ distribution to owners are not depreciated or amortised.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss post tax from discontinued operations in the statement of profit and loss. All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

11. Income-tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity, respectively.

Current tax:

Current tax expenses are accounted for in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Additional Income tax that arise from the distribution of dividends are recognized at the same time when the liability to pay the related dividend is recognized.

Deferred tax:

Deferred tax is recognized using the balance sheet method, providing for temporary difference between the carrying amount of an asset or liability in the balance sheet and its tax base.

Deferred tax is measured at the tax rates that are expected to apply when the temporary differences are either realised or settled, based on the laws that have been enacted or substantively enacted by the end of reporting period.

A deferred tax asset is recognized to the extent that it is probable that the future temporary difference will reverse in the foreseeable future and the future taxable profit will be available against which the temporary difference can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Minimum Alternative Tax ("MAT") credit forming part of Deferred tax assets is recognized as an asset only when and to the extent that it is probable that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer probable to the effect that the Company will pay normal income tax during the specified period.

12. Borrowing Cost

1. Borrowing Costs if any, directly attributable to the acquisition/construction of qualifying assets are capitalized as part of the cost of the respective assets.
2. Other borrowing costs are expensed in the year in which they are incurred.

13. Government Grants:

1. Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the group will comply with all attached conditions.
2. Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.
3. Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the useful lives of the related assets and presented within other income.

14. Financial Instruments

Recognition, Initial Measurement and de-recognition

Financial Assets and Financial Liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transaction costs, except for those carried at fair value through profit or loss (FVTPL) which is measured initially at fair value. Subsequent measurement of Financial Assets and Financial Liabilities are described below.

Classification and Subsequent Measurement of Financial Assets

For purpose of subsequent measurement financial assets are classified in two broad categories:-

- Amortized Cost
- Financial assets at FVTPL

All financial assets except for those at FVTPL are subject to review for impairment.

Amortised cost

A financial asset shall be measured at amortised cost using effective interest rates if both of the following conditions are met:

- a) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- b) The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amounts outstanding.

The Company's cash and cash equivalents, trade and other receivables fall into this category of financial instruments.

Impairment of financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For receivables and contract assets, the Company applies the simplified approach permitted by Ind AS 109 Financial instruments, which requires expected lifetime losses to be recognized from initial recognition of the trade receivables and contract assets.

De-recognition of Financial Instruments

Financial Assets are derecognised when the contractual rights to the cash flows from the Financial Assets expire, or when the Financial Assets and all substantial risks and rewards are transferred. A Financial Liability is derecognised when it is extinguished, discharged, cancelled or expires.

15. Leases

i. As a lessee

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-to-use asset or the end of the lease term. The estimated useful life of right-of-use asset is determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments from a change in an index or rate. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use asset that do not meet the definition of investment property in "Property, plant and equipment" and lease liabilities in "other financial liabilities" in the Balance Sheet.

Short term leases and leases of low value assets: The Company has elected not to recognize right-of-use asset and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Cancellable lease: The Company recognise the lease payments associated with the leases which are cancellable in nature as expense on a straight-line basis over the lease term.

ii. As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all the risk and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not, then it is an operating lease. As part of the assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 "Revenue from contract with customers" to allocate the consideration in the contract.

The Company recognizes lease payments received under operating lease as income on a straight line basis over the lease term as part of "Revenue".

16. Exceptional Items

The company discloses certain financial information both including and excluding exceptional items. The presentation of information excluding exceptional items allows a better understanding of the underlying performance of the company and provides consistency with the company's internal management reporting. Exceptional items are identified by virtue of either their size or nature so as to facilitate comparison with prior periods and to assess underlying trends in the financial performance of the company. Exceptional items can include, but are not restricted to, gains and losses on the disposal of assets/ investments.

17. Prior Period Items

Material prior period items which arise in the current period as a result of error or omission in the preparation of prior period's financial statement are corrected retrospectively in the first set of financial statements approved for issue after their discovery by:

- a) restating the comparative amounts for the prior period(s) presented in which the error occurred; or
- b) if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for the earliest prior period presented.
- c) Any items exceeding rupees five lakhs (₹ 5 Lakhs) shall be considered as material prior period item.
- d) Retrospective restatement shall be done except to the extent that it is impracticable to determine either the period specific effects or the cumulative effect of the error. When it is impracticable to determine the period specific effects of an error on comparative information for one or more prior periods presented, the company shall restate the opening balances of assets, liabilities and equity for the earliest prior for which retrospective restatement is practicable (which may be the current period).

18. Cash and Cash Equivalent

Cash and cash equivalents comprise cash at bank and on hand. It includes term deposits and other short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

19. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors assesses the financial performance and position of the group and makes strategic decisions and have identified business segment as its primary segment.

20. Cash Flow Statement

Cash Flow Statement, as per Ind AS 7, is prepared using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

21. Earnings per share

1. Basic earnings per share: Basic earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by weighted average number of equity shares outstanding during the period.
2. Diluted earnings per share: Diluted earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by the weighted average number of equity shares outstanding including equity shares which would have been issued on the conversion of all dilutive potential equity shares unless they are considered anti-dilutive in nature.

3.7: Sensitivity Analysis: Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase rate. Effect of change in mortality rate is negligible. Please note that the sensitivity analysis presented below may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated. The results of sensitivity analysis are given below:

Independent Auditors' Report on Standalone Financial Statements

To The Members of
UTKAL ASHOK HOTEL CORPORATION LIMITED, PURI

OPINION

We have audited the accompanying Financial Statements of **UTKAL ASHOK HOTEL CORPORATION LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March 2025, and the statement of Profit and Loss (Including other comprehensive income), statement of changes in Equity and statement of Cash Flows for the year then ended, and notes to the Financial Statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2025, and its loss, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of

Page 1 of 8

India, together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013, and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

- The Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance Report and Shareholders' Information, but does not include the Ind AS financial statements and our auditor's report thereon.
- Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance or conclusion thereon.
- In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITY OF MANAGEMENT FOR STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Ind AS Financial Statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance

is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS Financial Statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatements of the Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- b) Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has an adequate internal financial controls system in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a

material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

- i) As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "**Annexure A**" to this report a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- ii) As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief, were necessary for the purposes of our audit

 - b) The management has represented that, to the best of their knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on

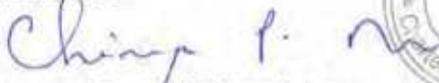

behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
And

- c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) and of the Companies (Audit and Auditors) Rules, 2014, as provided under (a) and (b) above, contain any material misstatement.
- (v) As per Rule 11(f) of the Companies (Audit and Auditors) Rules, 2014, the Company have not declared or paid any dividend during the year.
- (vi) Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account for the year ended 31st March, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of the audit trail feature being tampered with. Additionally, the audit trail has been preserved by the company as per the statutory requirements for record retention

"Annexure-B" to the Auditors' Report

Referred to in Paragraph 7 of Our Report of Even Date

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of **UTKAL ASHOK HOTEL CORPORATION LIMITED** ("the Company") as at 31 March 2025 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company, considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether

page 1 of 3

adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2025, based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Corporate Information

UTKAL ASHOK HOTEL CORPORATION LIMITED ("the Company") is an entity domiciled in India, with its registered office at Puri.

Basis for preparation of accounts

a. Statement of Compliance:

These financial statements have been prepared in accordance with Ind AS as notified under the Companies (Indian Accounting Standards) Rules, 2015, read with Section 133 of the Companies Act, 2013.

b. Basis of preparation

These financial statements have been prepared on a historical cost basis, except for:

- i. certain financial assets, liabilities and contingent considerations that are measured at fair value;S
- ii. assets held for sale- measured at fair value less cost to sell; and
- iii. defined benefit plans – plan assets, measured at fair value.

The assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule – III to the Companies Act, 2013 and Ind AS 1– "Presentation of Financial Statements". The Current Assets do not include elements which are not expected to be realised within one year and Current Liabilities do not include items which are due after one year, the period of one year being reckoned from the reporting date.

c. Functional and presentation currency

The financial statements are presented in Indian Rupee (INR), which is also the Company's functional currency.

Use of estimates and judgements

The preparation of the financial statements in conformity with Ind-AS requires the Management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The actual result may differ from such estimates. Estimates and changes are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future period.

The Company recognizes revenue for a performance obligation satisfied over time after reasonably estimating its progress towards complete satisfaction of the performance obligation.

The recognition of revenue requires assessments and judgments to be made on changes in work scope, claims (compensation, rebates etc.) and other payments to the extent performance obligation is satisfied and they are probable and are capable of being reasonably measured. For the purpose of making estimates for claims, the company used the available contractual and historical information.

Material Accounting Policies:

1. Property, Plant and Equipment (PPE)

- Items of Property, Plant and Equipment are valued at cost of acquisition inclusive of any other cost attributable to bringing the same to their working condition less accumulated depreciation and any accumulated impairment losses.
- PPE retired from active use and held for disposal are stated at the lower of carrying amount or net realizable value and are shown separately in the financial statements, the loss determined, if any, is recognized in the Profit & Loss Statement.
- In cases where receipts/scrutiny of final bills of the contractors/suppliers, settlement of the rates to be paid for extra items and price escalation etc. are pending, the capitalization is effected provisionally, based on the value of work completed as certified by the Project Engineers. The difference, if any, is proposed to be accounted for in the year in which the final bills are settled.
- Depreciation on PPE is provided on pro-rata basis on the Straight Line Method "over the estimated useful life of the PPE" as per Companies Act, 2013, and as assessed by the management is as under:

2. Intangible Assets

Intangible Assets (Software) are stated at their cost of acquisition less accumulated amortisation and accumulated losses. Intangible Assets (Software), cost are amortized over a period of legal right to use or 3 years, whichever is earlier.

3. Impairment of assets

Assets subject to amortization/ depreciation are tested for impairment provided that an event or change in circumstances indicates that their carrying amount might not be recoverable. An impairment loss is recognized in the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the greater of an asset's fair value less sale costs and value in use.

4. Investments in Subsidiaries & Joint ventures

Investments in subsidiaries and joint ventures are accounted at cost less impairment losses, if any. If the intention of the management is to dispose the investment in near future, it is classified as held for sale and measured at lower of its carrying amount and fair value less costs to sell.

5. Inventories

Stocks and stores including stock of crockery, cutlery, glassware and linen, etc., in hand as well as in circulation are valued at cost on FIFO basis or realizable value whichever is less.

6. Revenue Recognition

Revenue from contract with customers

Revenue from contract with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Revenue from contract with customers is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be measured reliably. Page 267

The Company recognise revenue for a performance obligation satisfied at point in time or over time after reasonably measuring its progress towards complete satisfaction of the performance obligation, In case where the outcome of a performance obligation cannot be reasonably measured but the Company expects to recover the costs incurred in satisfying the performance obligation, the revenue is being recognised only to the extent of the costs incurred until such time that it can reasonably measure the outcome of the performance obligation.

In case of performance obligation being satisfied over time, it is measured by applying input method. In the contracts where performance obligation cannot be measured by input method, the output method is applied, which faithfully depict the Company's performance towards complete satisfaction of the performance obligation.

Revenue is measured at the transaction price that is allocated to the performance obligation and it excludes amounts collected on behalf of third parties and is adjusted for variable considerations like customer loyalty programs discount and rebates.

If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional. If a customer pays consideration before the Company transfers good or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liability is recognised as revenue when the Company performs under the Contract.

Revenue from sale of goods

Revenue from sale of goods at hotels like food and beverages, goods at duty free shops, tourist literature and other publications are recognized at the point in time when the control of goods are transferred to the customers.

Revenue from rendering of services

Revenue from license fee is recognized as a performance obligation satisfied over time on monthly basis.

Revenue from room rent/rent of banquet halls/lawn is recognized on day to day basis.

Revenue from packaged tours and transport services are recognized as a performance obligation satisfied over time and is recognized in proportion to the services delivered.

Revenue from event management is recognized as a performance obligation satisfied at point in time on the completion of the event.

Revenue from training fee, Management services are recognized as a performance obligation satisfied over time as the customer simultaneously receives and consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from sale of show tickets is recognized at the point in time on satisfaction of performance obligation.

Revenue from projects (deposit works) is being satisfied over time. After contract inception, the transaction price can change for various reasons. Any subsequent change in the transaction price is then allocated to the performance obligations in the contract on the same basis as at contract inception. Consequently, amounts allocated to a satisfied performance obligation are recognised as revenue, or as a reduction of revenue, in the period in which the transaction price changes. Estimate of revenues, costs, or extent of progress towards completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are recognized by including it in profit or loss in the period of the change , if the change affects that period only or the period of change and future periods, if the change affects both.

Revenue from operation and maintenance services in relation to projects (deposit works) is being satisfied over time as the customer simultaneously receives and consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from management fee from subsidiaries is determined at year end and is recognized as a performance obligation satisfied at a point in time.

A handwritten signature in blue ink.

Interest income

Interest income is recognized using Effective Interest rate method as other income.

Dividend income

Dividends are recognized as other income in profit or loss when the right to receive payment is established.

Other income

Supplementary claims are accounted for on acceptance of claims.

7. Employees' Benefits

Liabilities in respect of benefits to employees are provided for as follows:

1. Short-term employee benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be incurred when the liabilities are settled. The liabilities are presented as Short Term employee benefit obligations in the balance sheet.

ESI is provided on the basis of actual liability accrued and paid to authorities

2. Post-employment obligations:

i. Defined Benefit Plans:

Gratuity and Post-Retirement Benefits Plans- The defined benefit obligation is calculated annually by actuary using the projected unit credit method. Re-measurement gains and losses arising from experiences, adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. The value of the defined benefit obligation resulting from plan amendments or curtailments is recognised immediately in profit or loss as past service cost.

ii. Defined Contribution Plans:

Provident Fund – The Company transfers provident fund contributions to the trust recognised for maintenance of the fund. These are recognised as and when they are due.

3. Other Long Term Employee Benefits:

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. The Company measures the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement that has accumulated at the end of the reporting period. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

8. Foreign Currency Translation/ Transaction

Transaction in foreign currencies is recorded at the exchange rate prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated into the functional currency at exchange rates in effect at the end of each reporting period. Foreign exchange gains or losses arising from settlement and translations are recognized in the statement of profit and loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at exchange rate prevailing at the date of transaction.

9. Provisions, Contingent Liabilities and Contingent Assets

1. Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be outflow of resources.
2. Where as a result of past events, there is a possible obligation that may, but probably will not, require any outflow of resources, no provision is recognized but appropriate disclosure is made in the notes as Contingent Liabilities.
3. Contingent liabilities are disclosed on the basis of judgement of the management/independent experts. These are revised at each Balance Sheet date and adjusted to reflect the current management estimate.
4. Contingent assets are disclosed where an inflow of economic benefits is probable.
5. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.
6. However, where the effect of time value of money is material, the amount of provision shall be the present value of the expenditure expected to be required to settle the obligation.

7. Capital commitments and Contingent liabilities disclosed are in respect of items which exceed ₹100,000/- in each case.

10. Non-current assets or disposal group held for sale

Non-current assets, or disposal groups comprising assets and liabilities are classified as held for sale if it is highly probable that they will be recovered primarily through a sale rather than through continuing use. Such assets, or disposal groups, are generally measured at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale/distribution to owners are not depreciated or amortised.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss post tax from discontinued operations in the statement of profit and loss. All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

11. Income-tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity, respectively.

Current tax:

Current tax expenses are accounted for in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Additional Income tax that arise from the distribution of dividends are recognized at the same time when the liability to pay the related dividend is recognized.

Deferred tax:

Deferred tax is recognized using the balance sheet method, providing for temporary difference between the carrying amount of an asset or liability in the balance sheet and its tax base.

Deferred tax is measured at the tax rates that are expected to apply when the temporary differences are either realised or settled, based on the laws that have been enacted or substantively enacted by the end of reporting period.

A deferred tax asset is recognized to the extent that it is probable that the future temporary difference will reverse in the foreseeable future and the future taxable profit will be available against which the temporary difference can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Minimum Alternative Tax ("MAT") credit forming part of Deferred tax assets is recognized as an asset only when and to the extent that it is probable that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer probable to the effect that the Company will pay normal income tax during the specified period.

12. Borrowing Cost

1. Borrowing Costs if any, directly attributable to the acquisition/construction of qualifying assets are capitalized as part of the cost of the respective assets.
2. Other borrowing costs are expensed in the year in which they are incurred.

13. Government Grants:

1. Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the group will comply with all attached conditions.
2. Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.
3. Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the useful lives of the related assets and presented within other income.

14. Financial Instruments

Recognition, Initial Measurement and de-recognition

Financial Assets and Financial Liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transaction costs, except for those carried at fair value through profit or loss (FVTPL) which is measured initially at fair value. Subsequent measurement of Financial Assets and Financial Liabilities are described below.

Classification and Subsequent Measurement of Financial Assets

For purpose of subsequent measurement financial assets are classified in two broad categories:-

- Amortized Cost
- Financial assets at FVTPL

All financial assets except for those at FVTPL are subject to review for impairment.

Amortised cost

A financial asset shall be measured at amortised cost using effective interest rates if both of the following conditions are met:

- a) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- b) The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amounts outstanding.

The Company's cash and cash equivalents, trade and other receivables fall into this category of financial instruments.

Impairment of financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For receivables and contract assets, the Company applies the simplified approach permitted by Ind AS 109 Financial instruments, which requires expected lifetime losses to be recognized from initial recognition of the trade receivables and contract assets.

De-recognition of Financial Instruments

Financial Assets are derecognised when the contractual rights to the cash flows from the Financial Assets expire, or when the Financial Assets and all substantial risks and rewards are transferred. A Financial Liability is derecognised when it is extinguished, discharged, cancelled or expires.

15. Leases

i. As a lessee

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-to-use asset or the end of the lease term. The estimated useful life of right-of-use asset is determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments from a change in an index or rate. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use asset that do not meet the definition of investment property in "Property, plant and equipment" and lease liabilities in "other financial liabilities" in the Balance Sheet.

Short term leases and leases of low value assets: The Company has elected not to recognize right-of-use asset and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Cancellable lease: The Company recognise the lease payments associated with the leases which are cancellable in nature as expense on a straight-line basis over the lease term.

ii. As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all the risk and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not, then it is an operating lease. As part of the assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 "Revenue from contract with customers" to allocate the consideration in the contract.

The Company recognizes lease payments received under operating lease as income on a straight line basis over the lease term as part of "Revenue".

16. Exceptional Items

The company discloses certain financial information both including and excluding exceptional items. The presentation of information excluding exceptional items allows a better understanding of the underlying performance of the company and provides consistency with the company's internal management reporting. Exceptional items are identified by virtue of either their size or nature so as to facilitate comparison with prior periods and to assess underlying trends in the financial performance of the company. Exceptional items can include, but are not restricted to, gains and losses on the disposal of assets/ investments.

17. Prior Period Items

Material prior period items which arise in the current period as a result of error or omission in the preparation of prior period's financial statement are corrected retrospectively in the first set of financial statements approved for issue after their discovery by:

- a) restating the comparative amounts for the prior period(s) presented in which the error occurred; or
- b) if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for the earliest prior period presented.
- c) Any items exceeding rupees five lakhs (₹ 5 Lakhs) shall be considered as material prior period item.
- d) Retrospective restatement shall be done except to the extent that it is impracticable to determine either the period specific effects or the cumulative effect of the error. When it is impracticable to determine the period specific effects of an error on comparative information for one or more prior periods presented, the company shall restate the opening balances of assets, liabilities and equity for the earliest prior for which retrospective restatement is practicable (which may be the current period).

18. Cash and Cash Equivalent

Cash and cash equivalents comprise cash at bank and on hand. It includes term deposits and other short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

19. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors assesses the financial performance and position of the group and makes strategic decisions and have identified business segment as its primary segment.

20. Cash Flow Statement

Cash Flow Statement, as per Ind AS 7, is prepared using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

21. Earnings per share

1. Basic earnings per share: Basic earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by weighted average number of equity shares outstanding during the period.
2. Diluted earnings per share: Diluted earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by the weighted average number of equity shares outstanding including equity shares which would have been issued on the conversion of all dilutive potential equity shares unless they are considered anti-dilutive in nature.

Note: 39 - General Notes

1. GOING CONCERN ASSUMPTION:- The Unit was incurring huge loss since its inception and was not even generating enough revenue to meet its operational expenses and had no viability to be run as a commercial entity. The Board of Directors in their meeting held on 23.03.2004, after reviewing the performance in view of the losses standing at Rs. 9,46,200.00 (hundred) upto 31.03.2003 had decided to temporarily close down the commercial operation of the unit effective from March, 2004. Subsequently, the Govt. of India directed ITDC to examine various options including long term lease in respect of Hotel Nilachal Ashok, Puri. Therefore in accordance with the decision of the Govt. of India, the Board of Directors in their meeting held on 21.06.2005 approved the leasing out of the Hotel Nilachal Ashok Puri for a period of 30 years. Further the State Govt. while granting the permission vide their letter dated 26.05.2007 allowed M/s Utkal Ashok Hotel Corp., Puri to sublease the land for a period of 40 years. The Board in its meeting held on 09.06.2008 approved the proposal of leasing out the joint venture hotel property at Puri on lease cum Management basis for a period of 40 years. The Committee formed for this purpose has already floated the tender and the tender was awarded to M/s Paulmech Infrastructure Pvt. Ltd. for 40 years lease. Company is now exploring the option of divestment of property which is under process.

The letter of intent was issued to M/s Paulmech Infrastructure Pvt. Ltd. (lessee). Subsequently, a dispute arises between M/s Paulmech Infrastructure Pvt. Ltd. and the company due to non adherence to the terms of the LOI. The matter was adjudged in 2021. The case between M/s Paulmech Infrastructure Pvt. Ltd. and State of Odisha & Ors. [Civil Appeal no.6023 of 2021 (Arising out of SLP (Civil) No.25409/2017)] has been disposed of by the Hon'ble Supreme Court of India vide judgment dated 04.10.2021 with certain directions.

Further, it is submitted that the Hon'ble Supreme Court of India vide its judgment dated 04.10.2021 has granted liberty to M/s Paulmech Infrastructure Pvt. Ltd. to file appropriately constituted civil suit seeking recovery of the amount of Rs. 441,000.00 (hundred) from M/s Utkal Ashok Hotel Corporation Ltd.

Subsequently, M/s. Paulmech filed two notices dated 10.01.2025 against M/s Utkal Ashok Hotel Corp. Ltd. seeking compliance of Rs. 4,11,000.00 (in hundred) and demand of Rs. 4,41,000.00 of the judgement dated 04.10.2021. However, before replying to the said notices, a money suit was filed by M/s Paulmech (seeking compliance of Rs. 4,11,000.00 in hundred) which is listed at District Court, Puri on 14.05.2025.

Compliance of the supreme court judgement dtd. 04.10.2021, was already made by the Company dated 28.10.2021 by paying Rs. 4,11,000.00 (in hundred) to M/s Paulmech.

2. Encroachment of Hotel Nilachal Ashok, Puri

W. P. (C) No. 19645 of 2021: Writ Petition regarding illegal trespass over the Hotel property at Puri by the Government Authorities and inaction of the District Administration against letter dated 27.01.2021 of the State Government was filed and was last listed on 12.07.2021 for hearing before the Hon'ble High Court at Cuttack. Engaged Advocate Shri Nitish Kumar Mishra along with Mr. N. K. Mishra, Sr. Advocate appeared in the matter through VC.

On the said date of hearing, the Hon'ble Court on perusal of the writ petition, directed the Additional Government Advocate to take instructions on the status of the letter dated 27.01.2021. The Petition was directed to be listed on 10.08.2021 for further hearing. On 10.08.2021, the learned Additional Government Advocate for the State submitted that he had received instructions and wanted to file a Counter Affidavit. The Petition was directed to be listed on 3rd September, 2021.

A Counter Affidavit has been filed on behalf of the Opposite Party No. 2 - Collector & District Magistrate, Puri wherein it is inter alia contended that as per report conducted through the Revenue Inspector, Balukhand submitted vide letter No. 7951 dated 17.08.2021 there is no sign of trespass going through the suit land and the area of Ac. 5,500 land is demarcated and bounded by fencing. It is further contended that the sketch map prepared by the JV Petitioner is not authenticated and acceptable as per law and the proper sketch map can be drawn by the local revenue officials and that the area of Ac 3,500 land has been demarcated and bounded by fencing and the road side boundary was intact and rather the District Administration has beautified the wall by painting.

On 03.09.2021, as informed by the Ld. Senior Advocate, the Petition had not reached the said date of hearing. Next date of hearing is not yet given as per the official website of the Orissa High Court and may be listed in due course as per Court Diary.
