8 Impact due to Covid-19:

i). The World Health Organization declared the Covid-19 outbreak as a pandemic on 11th March 2020, leading to series of measures by countries across the world to contain the spread of the virus. India responded by imposing a nationwide-lockdown on March 24, 2020. The process of lifting of lockdown in various states has since started in phases, effective June 1, 2020, guided by the decision of Central Government and individual states. Permission for re-opening of Hotels has been given, w.e.f., August 21, 2020 by the State Government of Delhi.

During the period March 2020 to August 2020 there were no operational activity in hotel, flight & cargo operations, duty free shops, event management, hospitality institute etc., which affected business at our hotels and others operations across India. During this Covid period, ITDC provided 1,800 food packets per day (approx.) to Delhi Administration, AliMS and other hospitals under CSR activity amounting to Rs. 64.58 Lakhs. ITDC also provided accommodation facility to guests during the month of May 2020 and June 2020 under Vande Bharat Scheme as per the Government guidelines and generated revenue amounting to Rs. 18.70 lakhs.

ii). Further, in Hotel Units of ITDC during the month of April 2020, bills were raised for License Fees against which partial recovery could be made from Private Licensees. However during May 2020, ITDC received representations from various private licensees requesting full/partial waiver of License Fees. As per the directions of the Board of Directors, a high power Internal Committee was formed to deliberate the issue and give their recommendations. The Committee recommendations were put up for consideration of the Board of Directors in their meeting held on July 30, 2020 and as approved by Board of Directors the same has been sent to MoT for their concurrence. Reply from MoT is still awaited.

Keeping in mind the business scenario during the period under audit, impact on cash flow and the awaited response from MoT, no bills were raised against the Private Licensees (in some Units) for the month of May 2020 and June 2020.

in). The Management's priority in dealing with the exceptional challenges pesed by COVID-19 has been to ensure the safety of its guests and employees, support suppliers and keeping the supply chain operational for essential supplies.

The Management has also assessed the potential impact of Covid-19 on the carrying value of property, plant & equipment, intangible assets, investments, trade receivables, inventories, and other current assets appearing in the financial statements of the Company as on 31st March, 2020 and has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, expects to recover the carrying amounts of these assets. The impact of COVID-19 may be different from that estimated on the date of approval of these financial statements and the Management will continue to closely monitor any material changes to future economic conditions.

In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Management has considered the impact from a prolonged lock-down situation; travel restrictions being continued to be imposed by India and other countries even after lifting of the lockdown, guests postponing their discretionary spending, continued restrictions on the number of domestic and international flights, internal and external information available up to the date of approval of these financial statements including credit reports and economic forecasts.

With respect to business in financial year ending March 31, 2021 the impact on revenue from various business verticals could come from a prolonged lock-down situation; travel restrictions being continued to be imposed by Government of India and other countries even after lifting of the lockdown and guests postporting their discretionary spending.

- 9 The Company identifies suppliers registered under the MSME Act, 2006, by obtaining confirmation from all suppliers at the time of tender and information has been collated only to the extent of information received.

9 Impact due to Covid-19:

1). The World Health Organization declared the Covid-18 outbreak as a pandemic on 11th March 2020, leading to series of measures by countries across the world to contain the spread of the virus. India responded by imposing a nationwide-lockdown on March 24, 2020. The process of lifting of lockdown in various states has since started in phases, effective June 1, 2020, guided by the decision of Central Government and individual states. Permission for re-opening of Hotels has been given, w.e.f. August 21, 2020 by the State Government of Delhi.

During the period March 2020 to August 2020 there were no operational activity in hotel, flight & cargo operations, duty free shops, event management, hospitality institute etc., which affected business at our hotels and others operations across India. During this Covid period, ITDC provided 1,800 food packets per day (approx.) to Delhi Administration, AIIMS and other hospitals under CSR activity amounting to Rs. 64.88 Lakhs, ITDC also provided accommodation facility to guests during the month of May 2020 and June 2020 under Vande Bharat Scheme as per the Government guidelines and generated revenue amounting to Rs. 18.70 Lakhs.

ii). Further, in Hotel Units of ITDC during the month of April 2020, bills were raised for License Fees against which partial recovery could be made from Private Licensees. However during May 2020, ITDC received representations from various private licensees requesting full/partial waiver of License Fees. As per the directions of the Board of Directors, a high power Internal Committee was formed to deliberate the issue and give their recommendations. The Committee recommendations were put up for consideration of the Board of Directors in their meeting held on July 30, 2020 and as approved by Board of Directors the same has been sent to MoT for their concurrence. Reply from MoT is still awaited.

Keeping in mind the business scenario during the period under audit, impact on cash flow and the awaited response from MoT, no bills were raised against the Private Licensees (in some Units) for the month of May 2020 and June 2020.

iii). The Management's priority in dealing with the exceptional challenges posed by COVID-19 has been to ensure the safety of its guests and employees, support suppliers and keeping the supply chain operational for essential supplies.

The Management has also assessed the potential impact of Covid-19 on the carrying value of property, plant & equipment, intangible assets, investments, trade receivables, inventories, and other current assets appearing in the financial statements of the Company as on 31st March, 2020 and has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, expects to recover the carrying amounts of these assets. The impact of COVID-19 may be different from that estimated on the date of approval of these financial statements and the Management will continue to closely monitor any material changes to future economic conditions.

In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Management has considered the impact from a prolonged lock-down situation; travel restrictions being continued to be imposed by India and other countries oven after lifting of the lockdown, guests postponing their discretionary spending, continued restrictions on the number of domestic and international flights, internal and external information available up to the date of approval of these financial statements including credit reports and economic forecasts.

With respect to business in financial year ending March 31, 2021 the impact on revenue from various business verticals could come from a prolonged lock-down situation; travel restrictions being continued to be imposed by Government of India and other countries even after lifting of the lockdown and quests postponing their discretionary spending.
