Management Discussion and Analysis Report

Global and Indian Scenario

The global economy witnessed a marked slowdown in 2019 with growth softening to 2.9% in 2019 from 3.6% in 2018 and 3.9% in 2017. The GDP growth in India settled at 4.2% in 2019-20. According to Ministry of Statistic, in the fourth quarter of the Financial Year 2019-20, India's growth dropped by 3.1% due to widespread presence of COVID-19. The coronavirus pandemic (COVID-19) poses unprecedented health, economic and financial stability challenges. Govt. of India has announced a series of fiscal stimulus packages and subsidies to support small and medium sized enterprises, farmers and migrant labour, etc.

The growth in the tourism sector decelerated in 2019-20 with marginal growth in foreign tourist arrivals and consequently dip in foreign exchange earnings from tourism especially on account of COVID-19 impact in the last quarter. Tourism, Travel and Hospitality sector has emerged as First hit, Worst hit and Longest hit sector is likely to take considerably long period to reach pre-COVID level. Ministry of Tourism has recommended Protocols covering all service providers and their related activities in tourism and hospitality sector, to ensure a safe and prepared approach for a post COVID-19 revival. ITDC is committed to placing health and safety on top priority, while retaining traditional hospitality. An Advisory Board has

been formed by ITDC in tie up with AIIMS to design and develop health and safety protocols and for providing ongoing, real time guidance for ITDC hotels and offices. Besides ITDC has done a rigorous training intervention on health and safety protocols at its hotel properties for all the employees in different divisions.

B. Ashok Events Division

Recovery in the global economy and a sectorally booming Indian economy was leading to a robust tourism & MICE industry in 2019-2020, but both sectors have been hit adversely by the impact of Covid-19/Lockdown since March 2020.

The overall focus of the governments both Central & State in India on aggressively organizing and promoting various schemes and achievements had led to a greater demand for events and conferences in 2019-2020, but has been put on hold by various Government directives/guidelines on account of Covid-19/Lockdown now.

Once the prevailing situation improves in the medium term and Government allows holding of events/conferences, demand for tourism related services including events should be on the increase in the long term because of:

1. Incredible India Campaign and mega events like Bharat Parv of Ministry of Tourism, Govt. of India.
2. India perceived as a major tourist destination includes MICE and Health & Wellness Tourism.
3. Foreign Direct Investment and major reforms in the Civil Aviation sector.
4. Major boost to Religious sector Tourism

In the Risk Management Compliance Committee Meeting held on 5th May, 2020, it was discussed that Ashok's Conventional hall may be advantageous for hybrid meeting concept during COVID 19 situation owing to its size however the same will further depend upon the further guidelines from the government.

Likely future impact during 2020-21 due to COVID-19 as discussed in Risk Management Compliance Committee Meeting held on 05.05.2020:

- Airline Industry is shut down. Both domestic and international travel (Ticket Bookings) affected.
- International Travel (Ticket booking) may not resume shortly. However domestic travel may be resumed. The travel industry however is likely to take a long time before normalization.
- Once resumed, seat inventory is likely to be low due to social distancing. However, there is likely to be an increase in tariffs which may mitigate loss of commission to some extent since the commission is calculated as a percentage of base fare.
- Regarding tour packages, Tirupati package may be started post lockdown. However, the movement is likely to be limited for some time, affecting collection.
- Amongst the revenue streams, Cargo business is likely to take least hit and will recover fastest. ATT needs to focus on this business.
- ATT has proposed for ATT travel portal with the support of Railtel. If approved, it is likely to result into larger catchment and increased reach of ATT. Through the portal, ATT may implement a Debit Card payment system for Credit business, improving liquidity. (ITDC Board in its meeting held on 27.05.2020 has accorded in-principal approval for ATT travel portal with the support of Railtel. Matter is under discussion with Railtel at present).

Principle 1, 5 and 6 are required to be made applicable to the Suppliers/Contractors. As regards application of Principle 1 to supplies/contractors, Principle 1 is covered under Integrity Pact. However, since Integrity Pact is applicable to the works/purchases of some threshold value hence in cases where Integrity Pact is not applicable, it has been mandated that agreement/Lol is to mention about the compliance requirement by the suppliers/contractors that Business should be governed with Ethics, Transparency and Accountability. Further in case of procurement from Kendriya Bhandar and GEMs, Integrity Pact is not entered into however these agencies are either wholly or partly owned/controlled by the Government or governed by the Government norms hence there may not be any issue of any

Integrity relating to principle 1 while making procurement from these agencies.

As regards application of Principle 5 to suppliers/contractors, Principle 5 (i.e. Human Rights violation) is not permitted even as of now and is implied even without introducing in this Business Responsibility Policy. These are general common laws which every business organization is required to comply. Hence instead of detailed Principle 5 as mentioned in the policy, it has been mandated in the circular that a suitable general clause is to be incorporated in agreement/Lol regarding promoting human rights by the suppliers/contractors.

As regards application of Principle 6 to suppliers/contractors, Principle 6 (environmental harm) is not permitted even as of now and is implied even without introducing in this Business Responsibility Policy. These are general common laws which every business organization is required to comply. Sl. No.	Key Audit Matter	How our audit addressed the Key Audit Matter
3.	Discontinued Operations and Assets Held for Sale: Assets of the Company continue to be held for sale and discontinued operations as at the balance sheet date. Refer to note no. 36 and point no. 16 to note no. 39 of Standalone Financial Statements.	We analyzed the management's estimate of realizable value. Based on our procedures, we noted no exceptions and consider management's approach and assumptions to be reasonable.
4.	Uncertain Taxation Matters The Company has material uncertain tax matters under dispute which involves significant judgement to determine the possible outcome of these disputes. Refer note no. 38 of the Standalone Financial Statements.	We assessed the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. We also considered legal precedence and other rulings, including in the Company's own case, in evaluating management's position on these uncertain tax positions.
5.	Investments in Subsidiaries The Company holds investments in Subsidiaries of ₹ 927.98 lakh (equity and preference) out of which investments of ₹ 846.38 lakh (equity and preference) pertains to Subsidiaries which has significant accumulated losses. These subsidiaries are currently under disinvestment. Refer footnote to note no. 3 of the Standalone Financial Statements.	We assessed the management's assumptions and the past trends wherein the amount received on disinvestment by the Company were much more than the amount originally invested in the said subsidiary Companies. Information Other than the Standalone Financial Statements and Auditors' Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditors' report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, total

comprehensive income, changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements, that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate Internal Financial Controls with respect to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and

whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decision of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

“ANNEXURE 3” TO THE INDEPENDENT AUDITORS’ REPORT

Referred to in paragraph 3(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date to the members of India Tourism Development Corporation Limited for the year ended March 31, 2020

Report on Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls with reference to Standalone Financial Statements of India Tourism Development Corporation Limited (“the Company”) as of March 31, 2020 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls with reference to the Standalone Financial Statements based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by The Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy

and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to the Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to the Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company’s internal financial control with reference to the Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control with reference to the Standalone Financial Statements includes those policies and procedures that 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to the Standalone Financial Statements, including the possibility of collusion or improper management

override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to the Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an Internal Financial Controls system with reference to the Standalone Financial Statements and such internal financial controls with reference to the Standalone Financial Statements were operating as at March 31, 2020, based on the internal controls over financial reporting criteria established by the Company considering the components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI. Nevertheless, the implementation of the same needs an improvement.

Further, in order to strengthen internal financial control, as informed, the management has already appointed an external agency to make it more efficient and meaningful and the report of the same is awaited.

Use of estimates and judgments

The preparation of the financial statements in conformity with Ind-AS requires the Management to make estimates, judgments and assumptions. Revenue from contract with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Revenue from contract with customers is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be measured reliably.

The Company recognise revenue for a performance obligation satisfied at point in time or over time after reasonably measuring its progress towards complete satisfaction of the performance obligation, In case where the outcome of a performance obligation cannot be reasonably measured but the Company expects to recover the costs incurred in satisfying the performance obligation, the revenue is being recognised only to

the extent of the costs incurred until such time that it can reasonably measure the outcome of the performance obligation.

In case of performance obligation being satisfied over time, it is measured by applying input method. In the contracts where performance obligation cannot be measured by input method, the output method is applied, which faithfully depict the Company's performance towards complete satisfaction of the performance obligation.

Revenue is measured at the transaction price that is allocated to the performance obligation and it excludes amounts collected on behalf of third parties and is adjusted for variable considerations like customer loyalty programs discount and rebates.

If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional. If a customer pays consideration before the Company transfers good or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liability is recognised as revenue when the Company performs under the Contract.

Revenue from sale of goods

Revenue from sale of goods at hotels like food and beverages, goods at duty free shops, tourist literature and other publications are recognized at the point in time when the control of goods are transferred to the customers.

Revenue from rendering of services

Revenue from license fee is recognized as a performance obligation satisfied over time on monthly basis.

Revenue from room rent/rent of banquet halls/lawn is recognized on day to day basis.

Revenue from packaged tours and transport services are recognized as a performance obligation satisfied over time and is recognized in proportion to the services delivered.

Revenue from event management is recognized as a performance obligation satisfied at point in time on the completion of the event.

Revenue from training fee, Management services are recognized as a performance obligation satisfied over time as the customer simultaneously receives and consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from sale of show tickets is recognized at the point in time on satisfaction of performance obligation.

Revenue from projects (deposit works) is being satisfied over time. After contract inception, the transaction price can change for various reasons. Any subsequent change in the transaction price is then allocated to the performance obligations in the contract on the same basis as at contract inception. Consequently, amounts allocated to a satisfied performance obligation are recognised as revenue, or as a reduction of revenue, in the period in which the transaction price changes. Estimate of revenues, costs, or extent of progress towards completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are recognized by including it in profit or loss in the period of the change, if the change affects that period only or the period of change and future periods, if the change affects both.

Revenue from operation and maintenance services in relation to projects (deposit works) is being satisfied over time as the customer simultaneously receives and consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from management fee from subsidiaries is determined at year end and is recognized as a performance obligation satisfied at a point in time.

Interest income

Interest income is recognized using Effective Interest rate method as other income.

Dividend income

Dividends are recognized as other income in profit or loss when the right to receive payment is established.

Other income

Supplementary claims are accounted for on acceptance of claims.

7. Employees' Benefits

Liabilities in respect of benefits to employees are provided for as follows:

a. Short-term employee benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be incurred when the liabilities are settled. The liabilities are presented as Short Term employee benefit obligations in the balance sheet.

ESI is provided on the basis of actual liability accrued and paid to authorities

b. Post-employment obligations:

i. Defined Benefit Plans:

Gratuity and Post-Retirement Benefits Plans- The defined benefit obligation is calculated annually by actuary using the projected unit credit method. Re-measurement gains and losses arising from experiences, adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. The value of the defined benefit obligation resulting from plan amendments or curtailments is recognised immediately in profit or loss as past service cost.

ii. Defined Contribution Plans:

Provident Fund - The Company transfers provident fund contributions to the trust recognised for maintenance of the fund. These are recognised as and when they are due.

c. Other Long Term Employee Benefits:

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. The Company measures the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement that has

accumulated at the end of the reporting period. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

8. Foreign Currency Translation/ Transaction

Transaction in foreign currencies is recorded at the exchange rate prevailing on the date of the transaction.

Foreign currency denominated monetary assets and liabilities are translated into the functional currency at exchange rates in effect at the end of each reporting period. Foreign exchange gains or losses arising from settlement and translations are recognized in the statement of profit and loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at exchange rate prevailing at the date of transaction.

9. Provisions, Contingent Liabilities and Contingent Assets

1. Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be outflow of resources.

- Where as a result of past events, there is a possible obligation that may, but probably will not, require any outflow of resources, no provision is recognized but appropriate disclosure is made in the notes as Contingent Liabilities.
- Contingent liabilities are disclosed on the basis of judgement of the management/independent experts. These are revised at each Balance Sheet date and adjusted to reflect the current management estimate.
- Contingent assets are disclosed where an inflow of economic benefits is probable.
- Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.
- However, where the effect of time value of money is material, the amount of provision shall be the present value of the expenditure expected to be required to settle the obligation.
- Capital commitments and Contingent liabilities disclosed are in respect of items which exceed ₹ 100,000/- in each case.

10. Non-current assets or disposal group held for sale

Non-current assets, or disposal groups comprising assets and liabilities are classified as held for sale if it is highly probable that they will be recovered primarily through a sale rather than through continuing use. Such assets, or disposal groups, are generally measured at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets

once classified as held for sale/ distribution to owners are not depreciated or amortised.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss post tax from discontinued operations in the statement of profit and loss. All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

11. Income-tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity, respectively.

Current tax:

Current tax expenses are accounted for in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Additional Income tax that arise from the distribution of dividends are recognized at the same time when the liability to pay the related dividend is recognized.

Deferred tax:

Deferred tax is recognized using the balance sheet method, providing for temporary difference between the carrying amount of an asset or liability in the balance sheet and its tax base.

Deferred tax is measured at the tax rates that are expected to apply when the temporary differences are either realised or settled, based on the laws that have been enacted or substantively enacted by the end of reporting period.

A deferred tax asset is recognized to the extent that it is probable that the future temporary difference will reverse in the foreseeable future and the future taxable profit will be available against which the temporary difference can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Minimum Alternative Tax ("MAT") credit forming part of Deferred tax assets is recognized as an asset only when and to the extent that it is probable that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer probable

to the effect that the Company will pay normal income tax during the specified period.

12. Borrowing Cost

1. Borrowing Costs if any, directly attributable to the acquisition/ construction of qualifying assets are capitalized as part of the cost of the respective assets.
2. Other borrowing costs are expensed in the year in which they are incurred.

13. Government Grants:

1. Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the group will comply with all attached conditions.
2. Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.
3. Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the useful lives of the related assets and presented within other income.

14. Financial Instruments

Recognition, Initial Measurement and de-recognition

Financial Assets and Financial Liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transaction costs, except for those carried at fair value through profit or loss (FVTPL) which is measured initially at fair value. Subsequent measurement of Financial Assets and Financial Liabilities are described below.

Classification and Subsequent Measurement of Financial Assets

For purpose of subsequent measurement financial assets are classified in two broad categories:-

- Amortized Cost
- Financial assets at FVTPL

All financial assets except for those at FVTPL are subject to review for impairment.

Amortised cost

A financial asset shall be measured at amortised cost using effective interest rates if both of the following conditions are met:

- a) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- b) The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amounts outstanding.

The Company's cash and cash equivalents, trade and other receivables fall into this category of financial instruments.

Impairment of financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For receivables and contract assets, the Company applies the simplified approach permitted by Ind AS 109 Financial instruments, which requires expected lifetime losses to be recognized from initial recognition of the trade receivables and contract assets.

De-recognition of Financial Instruments

Financial Assets are derecognised when the contractual rights to the cash flows from the Financial Assets expire, or when the Financial Assets and all substantial risks and rewards are transferred. A Financial Liability is derecognised when it is extinguished, discharged, cancelled or expires.

15. Leases

i. As a lessee

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-to-use asset or the end of the lease term. The estimated useful life of right-of-use asset is determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments from a change in an index or rate. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use asset that do not meet the definition of investment property in "Property, plant and equipment" and lease liabilities in "other financial liabilities" in the Balance Sheet.

Short term leases and leases of low value assets: The Company has

elected not to recognize right-of-use asset and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Cancellable lease: The Company recognise the lease payments associated with the leases which are cancellable in nature as expense on a straight-line basis over the lease term.

ii. As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all the risk and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not, then it is an operating lease. As part of the assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 “Revenue from contract with customers” to allocate the consideration in the contract.

The Company recognizes lease payments received under operating lease as income on a straight line basis over the lease term as part of “Revenue”.

16. Exceptional Items

The company discloses certain financial information both including and excluding exceptional items. The presentation of information excluding exceptional items allows a better understanding of the underlying performance of the company and provides consistency with the company’s internal management reporting. Exceptional items are identified by virtue of either their size or nature so as to facilitate comparison with prior periods and to assess underlying trends in the financial performance of the company. Exceptional items can include, but are not restricted to, gains and losses on the disposal of assets/ investments.

17. Prior Period Items

Material prior period items which arise in the current period as a result of error or omission in the preparation of prior period’s financial statement are corrected retrospectively in the first set of financial statements approved for issue after their discovery by:

- restating the comparative amounts for the prior period(s) presented in which the error occurred; or
- if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for the earliest prior period presented.
- Any items exceeding rupees five lakhs (` 5 Lakhs) shall be considered as material prior period item.

- Retrospective restatement shall be done except to the extent that it is impracticable to determine either the period specific effects or the cumulative effect of the error. When it is impracticable to determine the period specific effects of an error on comparative information for one or more prior periods presented, the company shall restate the opening balances of assets, liabilities and equity for the earliest prior for which retrospective restatement is practicable (which may be the current period).

18. Cash and Cash Equivalent

Cash and cash equivalents comprise cash at bank and on hand. It includes term deposits and other short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

19. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors assesses the financial performance and position of the group and makes strategic decisions and have identified business segment as its primary segment.

20. Cash Flow Statement

Cash Flow Statement, as per Ind AS 7, is prepared using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

21. Earnings per share

- Basic earnings per share:
Basic earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by weighted average number of equity shares outstanding during the period.
- Diluted earnings per share:
Diluted earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by the weighted average number of equity shares outstanding including equity shares which would have been issued on the conversion of all dilutive potential equity shares unless they are considered anti-dilutive in nature.

M/s Airports Authority of India had filed an appeal in CESTAT inter alia to adjudicate if Service tax is chargeable on Appellants revenue from renting/ leasing of space inside Airports Civil Enclave to various persons for their business activities. The CESTAT vide their order date 2.1.2015 had ordered that service tax is chargeable on above renting/ leasing. The AAI has further appealed against the order. Further an amount of ₹ 160.97 lakh paid by ITDC as security deposit in the form of Fixed Deposit during 2006-07 was encashed by Delhi International Airport Pvt. Ltd.(DIAL) on account of Service tax levied as above. Against this the company holds a liability of ₹ 168.58 lakh (previous year ₹ 215.58 lakh) towards ESI dues. No provision has been made for the balance of ₹ 457.12 lakh (Previous year ₹ 470.35 lakh) as the matter is subjudice and pending finality in the matter, the same has been included under Contingent Liabilities at Sl. Aggrieved by the fixation of fair rent at ₹ 8.81 lakh, the Company preferred CRP for stay of the order fixing fair rent. The said CRP is pending before this Hon'ble Court and thus the fixation of fair rent has not reached a finality. An amount of ₹ 200.00 lakh has been deposited with "The Registrar

General, High Court, Chennai 104” as ordered by this Hon’ble Court vide Order dated July 16, 2018. Subsequently, the landlord lady filed a payment out petition in the High Court, Madras to withdraw the entire ₹ 200.00 lakh deposited by us in the High Court. After hearing both the sides, the Court vide Order dated September 25, 2019 permitted the applicant/ landlord to withdraw a sum of ₹ 100.00 lakh deposited by ITDC before the Court along with proportionate accrued interest. The balance amount of deposit with the Court is shown in Financials as “Other Current Assets”. And balance amount of ₹ 426.62 lakh has been considered under Contingent Liability.

- 4 “The matters, relating to assessment of Property Tax in respect of three Delhi based properties i.e. Ashok, Samrat and Janpath Hotels, were challenged by the Hotels before the Hon’ble High Court of Delhi. During proceedings before the Hon’ble High Court, NDMC offered a basis for determination of property tax for assessing the hotel properties. The Hon’ble High Court of Delhi vide its orders dated 19.10.2010 disposed of the said petitions by directing NDMC to reassess the property tax due from hotels and hotels to fully cooperate in the matter.

Accordingly, the NDMC vide its assessment orders dated March 31, 2013 had made the fresh assessment up to March 31, 2009 and gave a basis of determination of property tax, which was agreed by ITDC and admitted amounts were being paid by ITDC. On February 10, 2016, the NDMC issued notices calculating the value of property as per Unit Area Method (UAM) under bylaws of 2009 for the period 2010-11 to 2015-16 on a much higher Rateable Value than assessed up to the year 2008-09.

The Company challenged the assessment made under UAM and filed three separate Writ

Petitions before the Hon’ble High Court of Delhi.”

“The matter came up for hearing before Division Bench of the Hon’ble High Court of Delhi on March 8, 2016. The Hon’ble Court was pleased to order that subject to ITDC paying the admitted tax, no coercive measures shall be taken by NDMC. Subsequently, the Hon’ble Court by Order dated August 10, 2017 had struck down the NDMC by-laws of 2009, based on which the unit area value method of levying property tax was then brought in operation by the NDMC and also invalidated all the assessments made by the NDMC thereunder.

The order dated August 10, 2017 as passed by the Hon’ble High Court of Delhi was challenged by the NDMC before the Hon’ble Supreme Court of India and the Hon’ble Supreme Court of India vide order dated January 22, 2019 dismissed the said petition.

Despite the dismissal of appeal of NDMC by the Hon’ble Supreme Court, NDMC vide order dated February 12, 2020, raised demand of ₹ 32,802.64 lakh, against three Delhi based properties of ITDC, including Hotel Ashok, Hotel Samrat and discontinued/ handedover Hotel Janpath. The company has challenged the demand order by filing writ petition with the Hon’ble High Court in relation to Hotel Ashok. For the other properties, Company could not file appeal due to the COVID 19 pandemic and lockdown restriction.

The Company has already deposited its admitted tax liability based upon assessment made vide order dated March 31, 2013 and the balance disputed amount of ₹ 32,802.64 lakh has been included in the contingent Liability A(a)(i) above subject to final resolution of the matter by Hon’ble Court.”

9. COVID-19 pandemic

The World Health Organization declared the Covid-19 outbreak as a pandemic on 11th March 2020, leading to series of measures by countries across the world to contain the spread of the virus. India responded by imposing a nationwide-lockdown on March 24, 2020. The process of lifting of lockdown in various states has since started in phases, effective June 1, 2020, guided by the decision of individual states.

During the major part of this period, hotel, flight & cargo operations, duty free shops, event management, hospitality institute were mandated to remain non-operational, which affected business at our hotels and other operations across India.

The Management's priority in dealing with the exceptional challenges posed by COVID-19 has been to ensure the safety of its guests and employees, support suppliers, keep the supply chain operational for essential supplies.

Contributing in the fight towards this pandemic, ITDC has provided support through our Hotel premises being used as quarantine facility at Hotel Kalinga Ashok since the inception of lockdown. Also, Hotel Samrat, New Delhi has also been offering 50 rooms for the purpose of quarantine facility.

The consequence of the COVID-19 outbreak on the Company's business for the financial year ended 31st March, 2020 is limited, as business was impacted only in the latter half of March 2020. Several-cost rationalisation measures have been initiated subsequent to the year end and are being monitored.

In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Management has considered the impact from a prolonged lock-down situation; travel restrictions being continued to be imposed by India and other countries even after lifting of the lockdown, guests postponing their discretionary spending, continued restrictions on the number of domestic and international flights, internal and external information available up to the date of approval of these financial statements including credit reports and economic forecasts.

The Management has also assessed the potential impact of Covid-19 on the carrying value of property, plant & equipment, intangible assets, investments, trade receivables, inventories, and other current assets appearing in the financial statements of the Company as on 31st March, 2020 and has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, expects to recover the carrying amounts of these assets. The impact of COVID-19 may be different from that estimated on the date of approval of these financial statements and the Management will continue to closely monitor any material changes to future economic conditions.

Management is exploring new business opportunities like online sale of food and catering services at various Government Departments.

With respect to business in financial year ending March 31, 2021 the impact on revenue from various business verticals could come from a prolonged lock-down situation; travel restrictions being continued to be imposed by Government of India and other countries even after lifting of the lockdown and guests postponing their discretionary spending.

Based on enquiries received, assessments performed and analysis of market trends, the Management expects demand to gradually pick for Domestic leisure and business travel, social events within prescribed norms, and limited international travel once international airlines are allowed to commence operations.

According to this decision the process of disinvestment is carried on as under:

a. Hotel Janpath:

Ministry of Tourism (MoT) communicated vide their letter dtd. June 14, 2017 the in-principle approval of the government for transferring the property of Hotel Janpath to the Ministry of Urban Development (MoUD) and for compensating ITDC for loss of business opportunity with disputed liability to be sorted out. The ministry had proposed that "a tentative valuation of the business of ITDC has been calculated on the basis of Discounted Cash Flow assuming cash flows for 30 years on the basis of average net profit for 5 years and discount factor of 11% p.a. and a rough estimation was

made for ₹ 5,772.00 Lakh (net profit + depreciation). Value of land is not being considered.

Subsequently it was decided by the government to close the operations of Janpath Hotel, New Delhi and to handover the land & building of Janpath Hotel to L&DO, MoHUA (erstwhile MoUD). Accordingly, the Land & Building was technically handed over to L&DO, MoHUA on October 31, 2017.

The matter was also discussed inter alia in 26th & 27th Inter Ministerial Group (IMG) meetings as under:
- In the 26th meeting of IMG dated 04.12.2017, it was deliberated that earlier the figure of ₹ 5,772.00 lakh was mentioned on the basis of calculation of NPV at a discounting factor of 11% on average profit before depreciation of last 5 years as per the audited annual accounts of 2011-12 to 2015-16 of Hotel Janpath for a period of 30 years without applying any growth rate. Therefore, IMG decided that compounded annual growth rate (CAGR) of last 10 years i.e. from 2006-07 to 2015-16 of profit before depreciation may be applied on above said average profit of last 5 years before depreciation. IMG directed that ITDC may get the valuation done on this basis and obtain approval through circulation for the same.

-In minutes of the 27th meeting of IMG held on 27-12-2017 it was recorded that "The valuation of loss of business opportunity of Hotel Janpath was decided by the IMG in its meeting held on 04-12-2017. In this regard, DIPAM vide its letter dated 21-12-2017 has submitted that under the DCF methodology for calculation of NPV, Profit After Tax (PAT) is what is normally considered.

The Company requested the Ministry to convey the amount of compensation to be considered by ITDC in its Financial Statement. The working of the amount of compensation based on PBT as well as PAT was also communicated to MoT. The amount of compensation based on PAT was ₹ 14,981.00 lakh and on PBT was ₹ 19,303.00 lakh.

In response to the above letter, the Ministry conveyed that the amount of ₹ 5,772.00 lakh was only an estimated figure and did not take into account the liabilities which are yet to be firmed up. Further, the amount incurred towards VRS of employees due to closure of Janpath Hotel is to be kept under recoverables to be adjusted from the value when the same is finalised. The estimated compensation amount due to ITDC on account of loss of business opportunity in respect of Hotel Janpath, New Delhi, may therefore not be taken into account while finalising accounts of ITDC for the current financial year 2017-18 and may be included in the accounts for the financial year 2018-19

The compensation for Loss of Business Opportunity was calculated on the basis of the IMG decision taken in its meeting dated 04.12.2017 and placed before the IMG in its meeting held on 4.2.2019.

The IMG observed that the valuation based upon compounded annual growth rate (CAGR) of last 10 years i.e. from 2006-07 to 2015-16 of average profit (before depreciation) of last five years which comes to ₹ 193.03 crores is also on higher side. It was suggested to also have the option of calculating the valuation based upon compounded annual growth rate (CAGR) of last 30 years' profit before tax and if the financials of last 30 years are not available, information available for maximum period may be taken. Another option may be valuation based upon compounded annual growth rate (CAGR) of last 30 years' profit before tax but excluding depreciation and if the financials of last 30 years are not available, information available for maximum period may be taken. It was also directed by IMG that all options may be considered by the Committee constituted for computing the Loss of Business Opportunity.

Fresh calculations have been undertaken in accordance with the decision of the IMG dated 4.2.2019 on the basis of financial data for 29 years (From FY 2015-16 to FY 1987-88). As per the same, the valuation based upon Profit before Tax excluding Depreciation

works out to ₹ 155.48 crores approx. In case, valuation is undertaken on PBT basis, the compensation for Loss of Business Opportunity works out to ₹ 123.68 crores approx.

Further, meeting of the Valuation Committee was held on February 12, 2020 and Committee desired the consultant to make presentation on the valuation of ₹ 206.93 crore. Based on consultant's presentation in next meeting, they were asked to give further valuation based on IMG decision dated February 4, 2019. Consultant submitted the valuation on March 2, 2020 which shall be put up to the Valuation Committee in the next meeting.

Since, the approval of amount of compensation due on account of loss of business opportunity is still awaited from MoT therefore, the VRS amount of ₹ 585.74 lakh has been kept under recoverable and nothing towards compensation for loss of business opportunity has been considered in the Financial Statements for the Financial Year 2019-20.

To,
The Members of India Tourism Development Corporation Limited
Revised Report on the Audit of the Consolidated Financial Statements

Our report dated 30th July, 2020 on the Consolidated financial statements for the year ended 31st March, 2020 has been revised to give effect to the observations made by the Comptroller & Auditor General of India in the supplementary audit carried out by them under Section 143(6)(a) of the Companies Act, 2013.

Opinion

We have audited the Consolidated financial statements of India Tourism Development Corporation Limited (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") which comprise the Consolidated Balance Sheet as at March 31, 2020, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the year then ended and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries as referred to in sub-paragraph (a) of the 'Other Matters' paragraph below, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with then accounting principles generally accepted in India, of the consolidated state of affairs (financial position) of the Group as at March 31, 2020, and its consolidated net profit (financial performance including other comprehensive income), their consolidated changes in equity and consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors in terms of their reports as referred in sub-paragraph (a) of the 'Other Matters' paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

Emphasis of Matter

Considering the requirement of Standard on Auditing (SA 600) on 'Using the work of Another Auditor' including materiality, we draw attention to the following matters in the notes to the Consolidated Financial Statements:

- i) *The Holding Company does not collate, maintain and present the details of dues to its vendors who are registered under Micro, Small and Medium Enterprises Development (MSMED) Act, 2006. Hence, correctness of provision for interest, if any, on outstanding dues to MSME could not be verified and we are unable to determine whether there was delay in making payment to such entities in accordance with section 22 of the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006. (Refer point no. 30 to note no. 39 of the Consolidated Financial Statements)*
- ii) *Unlinked Receipts of ₹ 80.57 lakh on account of receipts from debtors against billing by the Holding Company which could not be matched with the amount standing to the debit of the receivables is appearing as liabilities "Advance from Customers" in the financial*

statements of the Holding Company. To that extent, the trade receivables and current liabilities are overstated. (Also refer foot note to note no. 26 of the Consolidated Financial Statements).

- iii) *The Group does not follow a system of obtaining confirmations and performing reconciliation of balances in respect of amount receivable from trade receivables, deposits with Government departments and others, amount recoverable from suppliers, employees and other parties and amount payable to trade payables, Government Department and other parties. Accordingly, amount receivable from and payables to various parties are subject to confirmation and reconciliation. Pending such confirmation and reconciliations, the impact thereof on the Consolidated Financial Statements are not ascertainable and quantifiable. (Also refer point no. 1 to note no. 39 of the Consolidated Financial Statements).*
- iv) *TDS Receivable in respect of years prior to F.Y. 2018-19 amounting to ₹ 3,925.52 lakh is appearing in the books as on March 31, 2020, for which no reconciliation is available. Further year wise details of assessments completed and adjustment of provision for tax in respect of completed assessments has not been maintained. (Refer point no. 2 to the footnote of note no. 13 of the Consolidated Financial Statements).*
- v) *On account of non-finalization of issue of compensation payable to the Holding Company for loss of business opportunity arising due to decision of the Government of India for closure of operation of Hotel Janpath, New Delhi w.e.f. 30.10.2017 and handing over the property to the Ministry of Urban Development, the sum of ₹ 585.74 lakh paid to employees for VRS is being shown as recoverable from the government as on 31.03.2020. (Refer point no. 1 to the footnote of note no. 13 of the Consolidated Financial Statements).*

- vi) *The impact of loss/shortage/wastage due to non-reconciliation of the result of physical verification carried out for fixed assets with the books of accounts on the financial statements of the Holding Company remains indeterminate.*
- vii) *The consumption of stock of stores, crockery, cutlery, etc. has been worked out by the Holding Company by adding to the opening balances purchases made during the year and deducting therefrom the closing balance at the year-end based on physical verification of the inventories valued as per the accounting policy. Accordingly, separate impact of the loss/shortage/wastage included in the consumption thereof in the Consolidated Financial Statements remains indeterminate. (Refer point no. 2 to note no. 39 of the Consolidated Financial Statements).*
- viii) *A fire accident occurred at Unit of ITDC, DFS Chennai on April 27, 2020. Holding Company filed an Insurance claim for the loss of stock and property, plant & equipment at the site, cause was stated as electrical short circuit. The same is under investigation. Proclaim surveyors and loss adjusters were appointed as surveyors by the Insurer (National Insurance Company Limited), the amount claimed by the Holding Company amounts to ₹ 58.41 lakh. (Refer point no. 15 to note no. 39 of the Consolidated Financial Statements).*
- ix) *Due to Covid-19, we were not able to physically observe the physical verification of inventory that out carried out by the management at the year end. We however performed alternate procedures to obtain audit evidence as prescribed in the SA 501 "Audit Evidence-Specific Consideration for Selected Items".*
- x) *At Ashok International Trade Division (AITD-A unit of ITDC), the sum of ₹ 160.97 lakh paid in the year 2006-07 as security deposit in the form of fixed deposit (FD) receipt in favour of Delhi*

- International Airport Private Limited (DIAL) is being shown as recoverable. Its FD was encashed during 2007-08 by DIAL on account of service tax charged by DIAL in billing of service provided to the Holding Company. This is being disputed by the Holding Company on the ground that their service was not liable for service tax and they are hopeful of its recovery. (Please refer point no. 1 to note no. 38 of the Consolidated Financial Statements).
- xi) In Ashok Consultancy and Engineering Services (ACES-A unit of ITDC), out of total 69 projects, 51 projects were completed/ closed but not closed in the books of accounts as final bills were reportedly not received/ settled.
- xii) In respect of Ashok Tours & Travels (ATT-Chennai-A unit of ITDC), out of total amount of ₹ 200 lakh appearing in their books as "Advance Others" being amount deposited with "The Registrar General, High Court, Chennai 104", an amount of ₹ 100 lakh has been withdrawn by the landlady as per the court order dated 25.09.2019, the same has been booked as expense during the current financial year. (Refer point no. 3 to note no. 38 of the Consolidated Financial Statements).
- xiii) There has been an incidence of theft at Hotel Jammu Ashok (A unit of ITDC) on May 09, 2020 the same is evidenced by the FIR dated May 11, 2020, wherein

- theft of inventory has been reported however the amount had been later recovered. (Refer point no. 13 to note no. 39 of the Consolidated Financial Statements).
- xiv) The management of the Holding Company has availed the benefit of Sabka Vishwas (Legacy Dispute Resolution) Scheme, 2019 (SVLDRS) in respect of pending service tax disputes in relation to its units, wherein the dispute was settled for ₹ 28.84 lakh. (Refer point no. 14 to note no. 39 of the Consolidated Financial Statements).
- Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, description of how our audit addressed the matter is provided in that context. Considering the requirement of Standard on Auditing (SA 600) on 'Using the work of Another Auditor' including materiality, below Key Audit Matters have been reproduced from the Independent Auditor's report on the audit of Standalone Financial Statements of the Holding Company.

Sl. No.	Key Audit Matter	How our audit addressed the Key Audit Matter
1.	Deferred Tax Asset: The Company has recognised deferred tax asset. The recoverability of this deferred tax asset is dependent upon the generation of sufficient future taxable profit to utilise such entitlement within the stipulated period prescribed under the Income Tax Act, 1961.	We have assessed the management's judgement relating to the forecasts of future revenue, taxable profits and evaluated the reasonableness of the considerations/ assumptions underlying the preparation of these forecasts.

Sl. No.	Key Audit Matter	How our audit addressed the Key Audit Matter
	We identified this as a key audit matter because significant judgement is required in forecasting future taxable profits for recognition of deferred tax asset.	Based on the above procedures performed, the recognition and measurement of deferred tax asset relating to MAT credit entitlement are considered adequate and reasonable.
2.	Contingent Liabilities : There are various litigations pending before various forums against the Company and management's judgement is required for estimating the amount to be disclosed as contingent liability. We identified this as a key audit matter because the estimates on which these amounts are based involve a significant degree of management judgement in interpreting the cases and it may be subject to management bias. Refer note no. 38 of the Consolidated Financial Statements.	We have obtained an understanding of the Company's internal instructions and procedures in respect of estimation and disclosure of contingent liabilities and adopted the following audit procedures: - understood and tested the design and operating effectiveness of controls as established by the management for obtaining all relevant information for pending litigation cases; - discussing with management any material developments and latest status of legal matters; - read various correspondences and related documents pertaining to litigation cases produced by the management and relevant external legal opinions obtained by the management and performed substantive procedures on calculations supporting the disclosure of contingent liabilities; - examining management's judgements and assessments whether provisions are required; - considering the management assessments of those matters that are not disclosed as the probability of material outflow is considered to be remote; - reviewing the adequacy and completeness of disclosures; Based on the above procedures performed, the estimation and disclosures of contingent liabilities are considered to be adequate and reasonable.

Sl. No.	Key Audit Matter	How our audit addressed the Key Audit Matter
3.	Discontinued Operations and Assets Held for Sale: Assets of the Company continue to be held for sale and discontinued operations as at the balance sheet date. Refer to note no. 36 of Consolidated Financial Statements.	We analyzed the management's estimate of realizable value. Based on our procedures, we noted no exceptions and consider management's approach and assumptions to be reasonable.
4.	Uncertain Taxation Matters The Company has material uncertain tax matters under dispute which involves significant judgement to determine the possible outcome of these disputes. Refer note no. 38 of the Consolidated Financial Statements.	We assessed the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. We also considered legal precedence and other rulings, including in the Company's own case, in evaluating management's position on these uncertain tax positions.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended. The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditors' Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial

Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the holding company and its subsidiaries incorporated in India have adequate Internal Financial Controls with respect to Consolidated Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying

transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decision of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance of the Holding Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the

Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Internal Financial Controls with reference to Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Act

In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended March 31, 2020 we have audited the internal financial controls with reference to Consolidated Financial Statements India Tourism Development Corporation Limited (hereinafter referred to as “the Holding Company”) and its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”), which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiaries are responsible for establishing and maintaining internal financial controls with reference to the Consolidated Financial Statements based on the internal controls over financial reporting criteria established by the Holding

Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by The Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence

to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to the Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to the Consolidated Financial Statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A Company’s internal financial control with reference to the Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control with reference to the Consolidated Financial Statements includes those policies and procedures that 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to the Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the Consolidated Financial Statements to future periods are subject to the risk that the internal financial control with reference to the Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, and to the best of our information and according to the explanations given to us, the Holding Company and its subsidiaries, have, in all material respects, an adequate Internal Financial Controls system with reference to the Consolidated Financial Statements and such internal financial controls with reference to the Consolidated Financial Statements were operating effectively as at March 31, 2020, based on the internal controls over financial reporting criteria established by the Company considering the components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI. Nevertheless, the implementation of the same needs an improvement.

Further, in order to strengthen internal financial control, as informed, the management has already appointed an external agency to make it more efficient and meaningful and the report of the same is awaited.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to Consolidated Financial Statements of the Holding Company, insofar as it relates to four subsidiaries, is based on the corresponding reports of the auditors of such companies.

Our opinion is not modified in respect of the aforesaid matters.

2. Intangible Assets

Intangible Assets (Software) are stated at their cost of acquisition less accumulated amortisation and accumulated losses. Intangible Assets (Software), cost are amortized over a period of legal right to use or 3 years, whichever is earlier.

3. Impairment of assets

Assets subject to amortization/ depreciation are tested for impairment provided that an event or change in circumstances indicates that their carrying amount might not be recoverable. An impairment loss is recognized in the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the greater of an asset's fair value less sale costs and value in use.

4. Inventories

Stocks and stores including stock of crockery, cutlery, glassware and linen, etc., in hand as well as in circulation are valued at cost on FIFO basis or realizable value whichever is less.

5. Revenue Recognition

Revenue from contract with customers

Revenue from contract with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be

entitled in exchange for those goods or services.

Revenue from contract with customers is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be measured reliably.

The Company recognise revenue for a performance obligation satisfied at point in time or over time after reasonably measuring its progress towards complete satisfaction of the performance obligation, In case where the outcome of a performance obligation cannot be reasonably measured but the Company expects to recover the costs incurred in satisfying the performance obligation, the revenue is being recognised only to the extent of the costs incurred until such time that it can reasonably measure the outcome of the performance obligation.

In case of performance obligation being satisfied over time, it is measured by applying input method. In the contracts where performance obligation cannot be measured by input method, the output method is applied, which faithfully depict the Company's performance towards complete satisfaction of the performance obligation.

Revenue is measured at the transaction price that is allocated to the performance obligation and it excludes amounts collected on behalf of third parties and is

adjusted for variable considerations like customer loyalty programs discount and rebates.

If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional. If a customer pays consideration before the Company transfers good or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liability is recognised as revenue when the Company performs under the Contract.

Revenue from sale of goods

Revenue from sale of goods at hotels like food and beverages, goods at duty free shops, tourist literature and other publications are recognized at the point in time when the control of goods are transferred to the customers.

Revenue from rendering of services

Revenue from license fee is recognized as a performance obligation satisfied over time on monthly basis.

Revenue from room rent/rent of banquet halls/lawn is recognized on day to day basis.

Revenue from packaged tours and transport services are recognized as a performance obligation satisfied over time and is recognized in proportion to the services delivered.

Revenue from event management is recognized as a performance obligation satisfied at point in time on the completion of the event.

Revenue from training fee, Management services are recognized as a performance obligation satisfied over time as the

customer simultaneously receives and consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from sale of show tickets is recognized at the point in time on satisfaction of performance obligation.

Revenue from projects (deposit works) is being satisfied over time. After contract inception, the transaction price can change for various reasons. Any subsequent change in the transaction price is then allocated to the performance obligations in the contract on the same basis as at contract inception. Consequently, amounts allocated to a satisfied performance obligation are recognised as revenue, or as a reduction of revenue, in the period in which the transaction price changes. Estimate of revenues, costs, or extent of progress towards completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are recognized by including it in profit or loss in the period of the change, if the change affects that period only or the period of change and future periods, if the change affects both.

Revenue from operation and maintenance services in relation to projects (deposit works) is being satisfied over time as the customer simultaneously receives and consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from management fee from subsidiaries is determined at year end and is recognized as a performance obligation satisfied at a point in time.

Interest income

Interest income is recognized using Effective Interest rate method as other income.

Dividend income

Dividends are recognized as other income in profit or loss when the right to receive payment is established.

Other income

Supplementary claims are accounted for on acceptance of claims.

6. Employees' Benefits

Liabilities in respect of benefits to employees are provided for as follows:

a. Short-term employee benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be incurred when the liabilities are settled. The liabilities are presented as Short Term employee benefit obligations in the balance sheet.

ESI is provided on the basis of actual liability accrued and paid to authorities

b. Post-employment obligations:

i. Defined Benefit Plans:

Gratuity and Post-Retirement Benefits Plans- The defined benefit obligation is calculated annually by actuary using the projected unit credit method. Re-measurement gains and losses arising from experiences, adjustments and changes in actuarial assumptions are recognised

in the period in which they occur, directly in other comprehensive income. The value of the defined benefit obligation resulting from plan amendments or curtailments is recognised immediately in profit or loss as past service cost.

ii. Defined Contribution Plans:

Provident Fund - The Company transfers provident fund contributions to the trust recognised for maintenance of the fund. These are recognised as and when they are due.

c. Other Long Term Employee Benefits:

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. The Company measures the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement that has accumulated at the end of the reporting period. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period,

regardless of when the actual settlement is expected to occur.

7. Foreign Currency Translation/ Transaction

Transaction in foreign currencies is recorded at the exchange rate prevailing on the date of the transaction.

Foreign currency denominated monetary assets and liabilities are translated into the functional currency at exchange rates in effect at the end of each reporting period. Foreign exchange gains or losses arising from settlement and translations are recognized in the statement of profit and loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at exchange rate prevailing at the date of transaction.

8. Provisions, Contingent Liabilities and Contingent Assets

a. Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be outflow of resources.

b. Where as a result of past events, there is a possible obligation that may, but probably will not, require any outflow of resources, no provision is recognized but appropriate disclosure is made in the notes as Contingent Liabilities.

c. Contingent liabilities are disclosed on the basis of judgement of the management/independent experts. These are revised at each Balance Sheet date and adjusted to reflect the current management estimate.

d. Contingent assets are disclosed where an inflow of economic benefits is probable.

e. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

f. However, where the effect of time value of money is material, the amount of provision shall be the present value of the expenditure expected to be required to settle the obligation.

g. Capital commitments and Contingent liabilities disclosed are in respect of items which exceed `100,000/- in each case.

9. Non-current assets or disposal group held for sale

Non-current assets, or disposal groups comprising assets and liabilities are classified as held for sale if it is highly probable that they will be recovered primarily through a sale rather than through continuing use. Such assets, or disposal groups, are generally measured at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale/ distribution to owners are not depreciated or amortised.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss post tax from discontinued operations in the statement of profit and loss. All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

10. Income-tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are

recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity, respectively.

Current tax:

Current tax expenses are accounted for in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Additional Income tax that arise from the distribution of dividends are recognized at the same time when the liability to pay the related dividend is recognized.

Deferred tax:

Deferred tax is recognized using the balance sheet method, providing for temporary difference between the carrying amount of an asset or liability in the balance sheet and its tax base.

Deferred tax is measured at the tax rates that are expected to apply when the temporary differences are either realised or settled, based on the laws that have been enacted or substantively enacted by the end of reporting period.

A deferred tax asset is recognized to the extent that it is probable that the future temporary difference will reverse in the foreseeable future and the future taxable

profit will be available against which the temporary difference can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Minimum Alternative Tax ("MAT") credit forming part of Deferred tax assets is recognized as an asset only when and to the extent that it is probable that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer probable to the effect that the Company will pay normal income tax during the specified period.

11. Borrowing Cost

1. Borrowing Costs if any, directly attributable to the acquisition/construction of qualifying assets are capitalized as part of the cost of the respective assets.
2. Other borrowing costs are expensed in the year in which they are incurred.

12. Government Grants:

1. Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the group will comply with all attached conditions.
2. Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

3. Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the useful lives of the related assets and presented within other income.

13. Financial Instruments

Recognition, Initial Measurement and de-recognition

Financial Assets and Financial Liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transaction costs, except for those carried at fair value through profit or loss (FVTPL) which is measured initially at fair value. Subsequent measurement of Financial Assets and Financial Liabilities are described below.

Classification and Subsequent Measurement of Financial Assets

For purpose of subsequent measurement financial assets are classified in two broad categories:-

- Amortized Cost
- Financial assets at FVTPL

All financial assets except for those at FVTPL are subject to review for impairment.

Amortised cost

A financial asset shall be measured at amortised cost using effective interest rates if both of the following conditions are met:

- a) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and

- b) The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amounts outstanding.

The Company's cash and cash equivalents, trade and other receivables fall into this category of financial instruments.

Impairment of financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For receivables and contract assets, the Company applies the simplified approach permitted by Ind AS 109 Financial instruments, which requires expected lifetime losses to be recognized from initial recognition of the trade receivables and contract assets.

De-recognition of Financial Instruments

Financial Assets are derecognised when the contractual rights to the cash flows from the Financial Assets expire, or when the Financial Assets and all substantial risks and rewards are transferred. A Financial Liability is derecognised when it is extinguished, discharged, cancelled or expires.

14. Leases

i. As a lessee

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which

it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-to-use asset or the end of the lease term. The estimated useful life of right-of-use asset is determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments from a change in an index or rate. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use asset that do not meet the definition of investment property in "Property, plant and equipment" and lease liabilities in "other financial liabilities" in the Balance Sheet.

Short term leases and leases of low value assets: The Company has elected not to recognize right-of-use asset and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Company

recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Cancellable lease: The Company recognise the lease payments associated with the leases which are cancellable in nature as expense on a straight-line basis over the lease term.

ii. As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all the risk and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not, then it is an operating lease. As part of the assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 "Revenue from contract with customers" to allocate the consideration in the contract.

The Company recognizes lease payments received under operating lease as income on a straight line basis over the lease term as part of "Revenue".

15. Exceptional Items

The company discloses certain financial information both including and excluding exceptional items. The presentation of information excluding exceptional items allows a better understanding of the underlying performance of the company and provides consistency with the company's internal management reporting. Exceptional items are identified by virtue of either their size or nature so as to facilitate comparison with prior periods and to assess underlying trends in

the financial performance of the company. Exceptional items can include, but are not restricted to, gains and losses on the disposal of assets/ investments.

16. Prior Period Items

Material prior period items which arise in the current period as a result of error or omission in the preparation of prior period's financial statement are corrected retrospectively in the first set of financial statements approved for issue after their discovery by:

- restating the comparative amounts for the prior period(s) presented in which the error occurred; or
- if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for the earliest prior period presented.
- Any items exceeding rupees five lakhs (₹ 5 Lakhs) shall be considered as material prior period item.
- Retrospective restatement shall be done except to the extent that it is impracticable to determine either the period specific effects or the cumulative effect of the error. When it is impracticable to determine the period specific effects of an error on comparative information for one or more prior periods presented, the company shall restate the opening balances of assets, liabilities and equity for the earliest prior for which retrospective restatement is practicable (which may be the current period).

17. Cash and Cash Equivalent

Cash and cash equivalents comprise cash at bank and on hand. It includes term deposits and other short-term money market deposits with original maturities of three months or less that are readily

convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

18. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors assesses the financial performance and position of the group and makes strategic decisions and have identified business segment as its primary segment.

19. Cash Flow Statement

Cash Flow Statement, as per Ind AS 7, is prepared using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

20. Earnings per share

- Basic earnings per share:** Basic earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by weighted average number of equity shares outstanding during the period.
- Diluted earnings per share:** Diluted earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by the weighted average number of equity shares outstanding including equity shares which would have been issued on the conversion of all dilutive potential equity shares unless they are considered anti-dilutive in nature.

Primarily exposure to the credit risk is from trade receivables amounting to ₹ 14,620.83 lakhs (previous year ₹ 14,561.09 lakhs) and unbilled revenue amounting to ₹ 363.23 lakhs (previous year ₹ 507.45 lakhs) which are typically unsecured. Company believes that the working capital is sufficient to meet its requirements and to discharge its liabilities towards trade payables and other current liabilities as and when they fall due, accordingly no liquidity risk is being perceived by the Company.

3. Market Risk:

- Interest rate risk:** The company is exposed to interest rate risk to the extent of its investments in fixed deposits with banks. The company also invested in preference share capital of its subsidiary company Utkal Ashok Hotel Corporation limited (unit is non-operative since 31.03.2004).
- Foreign currency risk:** The Company has duty free shops at major sea ports in India. The foreign currency is being collected against the sale proceeds from customers at these shops. The duty free goods for the same are purchased centrally for these shops. The exchange rates between the rupee and foreign currencies have fluctuated substantially in recent years and may also fluctuate substantially in the near future. However the Company has a currency risk monitoring policy in place wherein the risk is managed by advanced planning for payment for purchases in foreign currency on due date by holding back the foreign currency sale proceeds in bank keeping in view the credit period/ payment date of purchases.

The above foreign currency exposure is unhedged as these are covered through foreign currency risk management policy.

- Capital Management:** The Company's capital management objectives are:

12 COVID-19 pandemic

The World Health Organization declared the Covid-19 outbreak as a pandemic on 11th March 2020, leading to series of measures by countries across the world to contain the spread of the virus. India responded by imposing a nationwide-lockdown on March 24, 2020. The process of lifting of lockdown in various states has since started in phases, effective June 1, 2020, guided by the decision of individual states.

During the major part of this period, hotel, flight & cargo operations, duty free shops, event management, hospitality institute were mandated to remain non-operational, which affected business at our hotels and other operations across India.

The Management's priority in dealing with the exceptional challenges posed by COVID-19 has been to ensure the safety of its guests and employees, support suppliers, keep the supply chain operational for essential supplies.

Contributing in the fight towards this pandemic, ITDC has provided support through our Hotel premises being used as quarantine facility at Hotel Kalinga Ashok since the inception of lockdown. Also, Hotel Samrat, New Delhi has also been offering 50 rooms for the purpose of quarantine facility.

The consequence of the COVID-19 outbreak on the Company's business for the financial year ended 31st March, 2020 is limited, as business was impacted only in the latter half of March 2020. Several-cost rationalisation measures have been initiated subsequent to the year end and are being monitored.

In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Management has considered the impact from a prolonged lock-down situation; travel restrictions being continued to be imposed by India and other countries even after lifting

of the lockdown, guests postponing their discretionary spending, continued restrictions on the number of domestic and international flights, internal and external information available up to the date of approval of these financial statements including credit reports and economic forecasts.

The Management has also assessed the potential impact of Covid-19 on the carrying value of property, plant & equipment, intangible assets, investments, trade receivables, inventories, and other current assets appearing in the financial statements of the Company as on 31st March, 2020 and has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, expects to recover the carrying amounts of these assets. The impact of COVID-19 may be different from that estimated on the date of approval of these financial statements and the Management will continue to closely monitor any material changes to future economic conditions.

Management is exploring new business opportunities like online sale of food and catering services at various Government Departments.

With respect to business in financial year ending March 31, 2021 the impact on revenue from various business verticals could come from a prolonged lock-down situation; travel restrictions being continued to be imposed by Government of India and other countries even after lifting of the lockdown and guests postponing their discretionary spending.

Based on enquiries received, assessments performed and analysis of market trends, the Management expects demand to gradually pick for Domestic leisure and business travel, social events within prescribed norms, and limited international travel once international airlines are allowed to commence operations.

a. **Hotel Janpath:**

Ministry of Tourism (MoT) communicated vide their letter dtd. June 14, 2017 the in-principle approval of the government for transferring the property of Hotel Janpath to the Ministry of Urban Development (MoUD) and for compensating ITDC for loss of business opportunity with disputed liability to be sorted out. The ministry had proposed that "a tentative valuation of the business of ITDC has been calculated on the basis of Discounted Cash Flow assuming cash flows for 30 years on the basis of average net profit for 5 years and discount factor of 11% p.a. and a rough estimation was made for ₹ 5,772.00 Lakh (net profit + depreciation). Value of land is not being considered.

Subsequently it was decided by the government to close the operations of Janpath Hotel, New Delhi and to handover the land & building of Janpath Hotel to L&DO, MoHUA (erstwhile MoUD). Accordingly, the Land & Building was technically handed over to L&DO, MoHUA on October 31, 2017.

The matter was also discussed inter alia in 26th & 27th Inter Ministerial Group (IMG) meetings as under:
- In the 26th meeting of IMG dated 04.12.2017, it was deliberated that earlier the figure of ₹ 5,772.00 lakh was mentioned on the basis of calculation of NPV at a discounting factor of 11% on average profit before depreciation of last 5 years as per the audited annual accounts of 2011-12 to 2015-16 of Hotel Janpath for a period of 30 years without applying any growth rate. Therefore, IMG decided that compounded annual growth rate (CAGR) of last 10 years i.e. from 2006-07 to 2015-16 of profit before depreciation may be applied on above said average profit of last 5 years before depreciation. IMG directed that ITDC may get the valuation done on this basis and obtain approval through circulation for the same.

-In minutes of the 27th meeting of IMG held on 27-12-2017 it was recorded that "The valuation of loss of business

opportunity of Hotel Janpath was decided by the IMG in its meeting held on 04-12-2017. In this regard, DIPAM vide its letter dated 21-12-2017 has submitted that under the DCF methodology for calculation of NPV, Profit After Tax (PAT) is what is normally considered.

The Company requested the Ministry to convey the amount of compensation to be considered by ITDC in its Financial Statement. The working of the amount of compensation based on PBT as well as PAT was also communicated to MoT. The amount of compensation based on PAT was ₹ 14,981.00 lakh and on PBT was ₹ 19,303.00 lakh.

In response to the above letter, the Ministry conveyed that the amount of ₹ 5,772.00 lakh was only an estimated figure and did not take into account the liabilities which are yet to be firmed up. Further, the amount incurred towards VRS of employees due to closure of Janpath Hotel is to be kept under recoverables to be adjusted from the value when the same is finalised. The estimated compensation amount due to ITDC on account of loss of business opportunity in respect of Hotel Janpath, New Delhi, may therefore not be taken into account while finalising accounts of ITDC for the current financial year 2017-18 and may be included in the accounts for the financial year 2018-19.

The compensation for Loss of Business Opportunity was calculated on the basis of the IMG decision taken in its meeting dated 04.12.2017 and placed before the IMG in its meeting held on 4.2.2019.

The IMG observed that the valuation based upon compounded annual growth rate (CAGR) of last 10 years i.e. from 2006-07 to 2015-16 of average profit (before depreciation) of last five years which comes to ₹ 193.03 crores is also on higher side. It was suggested to also have the option of calculating the valuation based upon compounded annual growth rate (CAGR) of last 30 years' profit before tax and if the financials of last 30 years are not available, information available for maximum period may be

taken. Another option may be valuation based upon compounded annual growth rate (CAGR) of last 30 years' profit before tax but excluding depreciation and if the financials of last 30 years are not available, information available for maximum period may be taken. It was also directed by IMG that all options may be considered by the Committee constituted for computing the Loss of Business Opportunity.

Fresh calculations have been undertaken in accordance with the decision of the IMG dated 4.2.2019 on the basis of financial data for 29 years (From FY 2015-16 to FY 1987-88). As per the same, the valuation based upon Profit before Tax excluding Depreciation works out to ₹ 155.48 crores approx. In case, valuation is undertaken on PBT basis, the compensation for Loss of Business Opportunity works out to ₹ 123.68 crores approx.

Further, meeting of the Valuation Committee was held on February 12, 2020 and Committee desired the consultant to make presentation on the valuation of ₹ 206.93 crore. Based on consultant's presentation in next meeting, they were asked to give further valuation based on IMG decision dated February 4, 2019. Consultant submitted the valuation on March 2, 2020 which shall be put up to the Valuation Committee in the next meeting.

Since, the approval of amount of compensation due on account of loss of business opportunity is still awaited from MoT therefore, the VRS amount of ₹ 585.74 lakh has been kept under recoverable and nothing towards compensation for loss of business opportunity has been considered in the Financial Statements for the Financial Year 2019-20.
